Indirect (1.43%)  

| Total                | $132,135,613 | $126,400,345 | $5,734,920 |

Non Public Poverty %  

| Total FY10 Eligible Private | 14,757 |
|Total FY10 Eligible Students | 201,471 |

Please Note: Each school will receive $12.30 per eligible Title I Student. The eligibility is based off the regular FY10 Title I counts. A total of $2,296,582 was allocated to Title I schools, $190,952 was allocated to Private School for Title I students, and $119,421 is set aside for district-wide parental involvement activities.

Funding Note: The above budget is not the total ARRA Title I Allocation. Only the funds that are scheduled to be expensed this fiscal year have been applied for in the application. The unallocated portion will be added to the budget through a carryover application in August 2010. Private schools will receive their additional proportionate share of eligible programs from the unallocated amount. The parental involvement funds have been fully awarded this fiscal year.

V.2.5.6
Chicago Public Schools Policy Manual

Title: NCLB TITLE I PARENTAL INVOLVEMENT
Section: 801.3
Board Report: 04-0728-PO3
Policy: Date Adopted: July 28, 2004

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board adopt the following Policy on NCLB Title I Parental Involvement.

PURPOSE:

This policy is being adopted in order to: 1) support and secure an effective partnership among parents, legal guardians, schools, and the community, 2) provide Chicago Public School ("CPS") students with a school environment that encourages high student academic achievement, and 3) comply with the No Child Left Behind Act ("NCLB") Title I requirements regarding the establishment of a parental involvement policy.

POLICY TEXT:

I. Definitions

"Parental Involvement" – The term parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring that parents play an integral role in assisting their child’s learning. That parents are encouraged to be actively involved in their child’s education, that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

II. General Expectations

The Board believes that parental involvement is important to the establishment of an educational environment that encourages high student academic achievement. Parents of CPS students have a unique opportunity for parental involvement through active participation in and support of Local School Councils ("LSC") including LSCs in schools on probation. CPS currently provides various services and support of parents through its efforts with LSCs and other parent organizations. CPS, through the Department of External Affairs, will continue to offer those services and support and agrees to implement the following statutory requirements:

A. CPS will put into operation programs, activities and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children.

B. Consistent with section 1118, CPS, through its Office of Local School Council Relations, will work with its schools to ensure local Parent Advisory Councils are established and that the required school-level parental involvement policies meet the requirements of section 1118(b) of the ESEA.

C. CPS will incorporate this district-wide Title I parental involvement policy into its educational plan.
D. In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, CPS and its schools will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities and parents of migratory children, including providing information and school reports required under section 1111 of the ESEA in an understandable and uniform format and including alternative formats upon request and, to the extent practicable, in language parents understand.

E. If the District plan for Title I, Part A, developed under section 1112 of the ESEA, is not satisfactory to the parents of participating children, CPS will submit any parent comments along with the plan when the school district submits the plan to the State Department of Education.

F. CPS will involve the parents of children served in Title I, Part A schools in decisions about how the one percent of Title I, Part A funds reserved for parental involvement is spent, and will ensure that not less than 95 percent of the one percent reserved goes directly to the schools. Any funds received by the schools must be utilized in a manner that facilitates and maximizes parental involvement at the schools. The use of parental involvement funds shall be in accordance with Board and NCLB guidelines and regulations.

G. CPS will inform parents and parental organizations that the state maintains a Parental Information and Resource Center to support parents in the education of their children. The Academic Development Institute is the Parent Information Resource Center for the State of Illinois. It is located at the Illinois Family Education Center, 121 North Kickaboo, Lincoln, IL 62656.

III. Implementation Activities

A. **District-Wide Title I Parent Involvement Plan:** CPS will jointly develop a district-wide parental involvement plan with parents by meeting regularly with a cross-section of parents, including, but not limited to, representatives of NCLB Title I parents, PTA organizations, Local School Council Advisory Board, Friends of Special Education, bilingual education, early childhood education and other parent groups. The representatives will be encouraged to take information back to their respective members for input.

B. **School Review and Improvement:** CPS will continue to encourage LSCs, which consist of parents, community members, teachers, principals and high school students, to closely follow their state-mandated responsibility of: (1) approving school improvement plans; (2) monitoring school improvement plans; and (3) sharing and informing other parents and community members of the progress or lack of progress of the school improvement plans. Specifically, the Illinois School Code 5/34 -2.3(7) requires each LSC to convene at least two well-publicized meetings annually to present to the school and its community the proposed local school improvement plan; the school expenditure plan; the annual school report; and the school progress reports. One of those meetings is to introduce the school improvement plan and the budget; the purpose of the other meeting is to report on the progress of the plan and the budget that supports it. For any existing or new school with an alternate local school governing body to whom this policy may apply, CPS will encourage such body to design and implement policies and procedures for the creation and review of a school improvement plan and the regular communication with parents regarding the progress or lack of progress of the school improvement plans.
C. **School Parent Involvement Activities to Increase Student Achievement:** CPS will continue to provide the necessary coordination, technical assistance and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance by helping schools to complete (1) an inventory of present practice; (2) a three-year outline of broad goals that show how the school's partnership programs with parents and the community will grow overtime; and (3) a one-year action plan specifying how parents can help support the school improvement plan and increase student achievement.

D. **Integration of Parent Involvement Strategies:** CPS will continue to coordinate and integrate parental involvement strategies in Title I, Part A schools with parental involvement strategies from other parental involvement programs such as: NCLB program, Head Start, State-operated preschool programs, bilingual programs, and LSCs. Nothing in this policy shall conflict with the Board Policy Establishing a Formal Governance Structure for the Chicago Public Schools Head Start Program, 03-0225-PO01, and both the Head Start and Parental Involvement policies will be implemented in conjunction with the other to the extent possible.

E. **Evaluation:** CPS will take the following actions to ensure that an annual evaluation of the content and effectiveness of this parental involvement policy in improving the quality of its Title I, Part A schools, with the involvement of parents, is conducted. CPS will ensure that an inventory of centralized present practices of parent involvement is conducted, with the input of parents; in addition, CPS will encourage Title I, Part A schools to conduct an inventory of present practices. Title I, Part A schools, with the input of parents, will also be given an evaluation tool to self-evaluate the effectiveness of their school-family-community partnership programs. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are homeless, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background).

CPS will use the findings of the evaluation about its parental involvement policy and activities to design strategies for more effective parental involvement, and to revise its parental involvement policy (with the involvement of parents), if necessary.

F. **Building Capacity for Parental Involvement:** CPS will continue its current efforts to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the Title I, Part A schools, parents, and the community to improve student academic achievement, through the following activities specifically described below:

1. CPS, with the assistance of its schools, will continue to provide assistance to parents of children served by the school district in understanding topics such as the following through an undertaking of the following actions:

   a. Conducting classes or providing information on the following:
      i. the State's academic content standards,
      ii. the State's student academic achievement standards,
      iii. the State and local academic assessments including alternate assessments,
iv. the requirements of Title I, Part A.
v. how to monitor their child's progress and their school's adequate yearly progress (AYP), and
vi. how to work with educators.

b. Encouraging schools, to the extent feasible, to send parents to conferences that emphasize parental involvement and, to the extent feasible, conducting conferences that offer tools to parents that will lead to student success.

2. CPS will continue to encourage schools to provide materials and training to help parents work with their children to improve their children's academic achievement. To foster parental involvement by aligning the CPS parent involvement program with NCLB requirements and by strongly linking the program to student achievement. Specifically, CPS will continue to offer training or other information to parents on the following:

a. Ways to help families establish home environments that support children as students.

b. Information and ideas for families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.

c. How to design effective forms of school-to-home and home-to-school communications about school programs and children's progress.

3. CPS with the assistance of its schools and parents, will continue to provide staff development to its teachers, pupil services personnel, principals and other staff on how to reach out, communicate with, and work with parents as full and equal partners; the value and utility of the contributions of parents; and how to implement and coordinate parent programs and build ties between parents and schools, by conducting professional development classes and working with schools to implement parent and community partnership programs.

4. CPS will encourage schools to take actions to ensure that information related to the school and parent programs, meetings, and other activities is sent to the parents of participating children in an understandable and uniform format, including alternate formats upon request and, to the extent practicable, in a language the parents can understand.

IV. District-wide Parental Involvement Policy Components

In order to build parents' capacity for involvement in the schools and to support their children's academic achievement, CPS will continue its efforts to:

A. maximize parental involvement and participation in their children's education;
B. encourage school meetings to be held at a variety of times;
C. adopt and implement model approaches to improve parental involvement; and
D. develop appropriate roles for community-based organizations and businesses, including faith-based organizations, in parental involvement activities, and find ways to identify and integrate resources and services from the community to strengthen school programs, family practices and student learning and development.
V. ADOPTION

The concepts in this District-Wide Title I Parental Involvement Policy have been developed jointly with, and agreed on by, parents of children participating in Title I, Part A programs. The required parental involvement activities will be implemented to the extent NCLB funds such requirements under 20 U.S.C. §6318. The school district will make this policy available for parents of participating Title I, Part A children on its adoption.

2009-2010 Proposed Parental Involvement Program Overview
(Submitted for Consideration and Input by Parents)

The Chicago Public Schools submits the following proposal for consideration by parents for the purpose of utilizing parent involvement stimulus funds. This proposal was developed as a result of surveys and conversations with parents. CPS proposes to use the funds to develop a comprehensive program that support and encourage parents to participate in parental involvement activities. The program objectives are proposed to be achieved through the following overall approach:

- Quality programs in the individual schools supported by the school administration are the key to effective parent involvement. Workshops and training sessions designed to increase student achievement will be available to local school administrators.

- Provide access to training programs, workshops, seminars and forums that will help schools and parents develop and maintain school, family and community partnerships that support improved student achievement.

- Develop system-wide structure that provides convenient access to parental involvement activities and serves as a resource for schools to utilize Title 1 NCLB funds for effective and results oriented parent involvement programs.

- Provide referral information to help parents problem solve and address the social issues that keep them from focusing on their children's education and successful parenting skills.

Specific deliverables will include:

- Implementing the Family Friendly Schools five step process in local schools. The process includes workshops designed to develop networks of integrated relationships between leadership, staff, and families that create a culture of high performance and learning outcomes.

- Conducting focus groups, surveys and listening sessions to determine specific parent involvement activities that best fit parent needs.

- Developing a catalog of parent workshops, seminars and training sessions that include preferred vendors.

- Conduct series of mini-forums in each Cluster to address issues targeted to the schools in those Clusters.
• Conduct series of monthly workshops at parent center that are directed to the needs of parents. This includes partnering with local colleges and community programs and hosting experts to speak to parents.

• Plan and implement city-wide parent forum.
