

### Elementary School Performance Policy Results based on 2008-2009 and historical data

High school results begin on page 10

[Additional school performance data is available on our website. Click here to find data for your school.](#)

\* Total Percent of Possible Points is used as one criteria in the decision to close or turn around low-performing schools. Schools with less than 33.3% of points for two consecutive years may be considered for closure or turnaround.

**High School Performance Policy Results based on 2008-2009 and historical data**

[Additional school performance data is available on our website. Click here to find data for your school.](#)

\* Total Percent of Possible Points is used as one criteria in the decision to close or turn around low-performing schools. Schools with less than 33.3% of points for two consecutive years may be considered for closure or turnaround.
