September 16, 2010

Dear Students, Parents, Teachers and Administrators:

Welcome back to another exciting school year at the Chicago Public Schools (“CPS”). Please take time to review the 2010-2011 CPS Student Code of Conduct (“SCC”).

The SCC was adopted by the Chicago Board of Education (“Board”) to help create a safe environment for all students and school personnel. The SCC sets forth the expected behaviors for students and a transparent process for administrators to redirect inappropriate behavior. The SCC has been updated this year to reflect the Board’s current policies and organizational structure.

However, the SCC is only a resource. It will take the collective efforts of students, parents, teachers and administrators to create a safe learning environment where all students can excel.

Administrators are expected to ensure that each student and parent receives a copy of the SCC. Administrators shall collect from each student a signed Acknowledgment of Receipt of the SCC (“Receipt”), located in Appendix H. When student misconduct occurs, administrators shall be guided by the parameters set forth in the SCC to ensure that students receive due process. Also, administrators are encouraged to use, where appropriate, the balanced and restorative justice practices outlined in the SCC.

Parents are expected to review the SCC with their children, sign and return the Receipt, and encourage their children to conduct themselves appropriately at all times. Students are also expected to sign the Receipt and exhibit appropriate behavior by following all school rules and Board policies.

I hope you will find the SCC to be a useful guide to expected student behavior and the process for correcting misconduct. Working together, we will create a safe school climate for the 2010-2011 school year.

Sincerely,

Ron Huberman
Chief Executive Officer

THE STUDENT CODE OF CONDUCT

Effective September 16, 2010

BOARD OF EDUCATION OF THE CITY OF CHICAGO

POLICY STATEMENT

The Board of Education of the City of Chicago (“Board”), the governing body of the Chicago Public Schools, is responsible for establishing policies under which schools operate. To promote desirable student conduct and behavior, the Board has adopted the Student Code of Conduct (“SCC” or “Code”).

The SCC is consistent with Illinois School Code, the Rules of the Board of Education of the City of Chicago, negotiated agreements with employee groups, and all other applicable state and federal laws.

This Code recognizes that the Chicago Public Schools has the responsibility to ensure that the school environment is safe for all students and school personnel and that it is important to provide students with a consistent set of expectations for behavior. The Board expects all students to respect the rights of fellow students, personnel and others, and to behave in a manner that does not violate school rules, procedures, Board policy or the law. Students shall be encouraged to seek assistance from school personnel to prevent or resolve conflicts and to report incidents or activities that may threaten or disrupt the educational environment. The SCC requires all students enrolled in the Chicago Public Schools to accept responsibility and the appropriate consequences for their actions and behavior.

To ensure that disciplinary matters are handled efficiently and parents are notified of inappropriate behavior, parents/guardians shall promptly notify the school of any change of address, phone number(s) and other contact information and shall promptly reply to school requests to complete an emergency contact form at least two times per school year.

The disciplinary process set forth in this SCC is intended to be instructional and corrective, not punitive. All students shall be entitled to receive due process in disciplinary reassignment, in-school or out-of-school suspension and expulsion. Moreover, students shall be entitled to appeal the issuance of certain intervention or consequences, as provided herein. Pursuant to Board of Education Rule 6-21, “no employee of the Board of Education may inflict corporal punishment of any kind upon persons attending the public schools of the City of Chicago.”

Schools are also encouraged to establish a team to assist school officials with the development of local school regulations, provided those regulations do not conflict with the SCC. A positive and safe school climate significantly contributes to student academic achievement. The Board strongly encourages schools to establish measures designed to foster incident avoidance. Where possible, schools should explore the use of prevention strategies aimed at minimizing the number of incidents requiring student discipline.

PURPOSE AND GOALS

Through the establishment of the SCC, the Board seeks to: (1) create a consistent set of expectations for student behavior for the Chicago Public Schools system and all students; (2) outline the interventions and consequences for students who engage in inappropriate behavior; and (3) reinforce positive behavior and provide students with opportunities to develop appropriate behavioral skills.

SCOPE OF THE STUDENT CODE OF CONDUCT

The SCC is not intended to address the entire spectrum of student misbehavior that may occur at school or on school property. Instead, the SCC outlines a range of appropriate responses for certain inappropriate behaviors. Local school officials retain the discretion to address student misconduct that is not specifically included in the SCC. However, poor academic achievement is not considered an act of misconduct. Therefore, the SCC may not be used to discipline students for poor academic progress or failure to complete assignments. Similarly, students must not be disciplined based totally or in part on the refusal of a student's parent or guardian to administer or consent to the administration of medication to the student.

The SCC applies to all students. However, discipline for students with disabilities must be administered in accordance with the procedures set forth in Appendix E.

The SCC applies to actions of students during school hours, before and after school, while on school property, while traveling on vehicles funded by the Board, at all school-sponsored events, and while using the CPS Network or any computer, Information Technology Device, or social networking website, when the actions affect the mission or operation of the Chicago Public Schools. Students may also be subject to discipline for Group 5 or 6 Inappropriate Behaviors that occur either off campus or during non-school hours, including actions that involve the use of any computer, Information Technology Device or social networking website, when the misconduct disrupts or may disrupt the orderly educational process in the Chicago Public Schools.

Students who are suspended or expelled from school may not participate in extracurricular activities or school-sponsored events during the period of the suspension or expulsion. However, students on suspension during the administration of state assessments shall be provided an opportunity to enter the school for the purpose of taking the test and may be allowed to participate in related test preparation activities, upon approval by the Chief Area Officer. Students are subject to the requirements and obligations set out in the Policy on Student Acceptable Use of the CPS Network (<http://policy.cps.k12.il.us/documents/604.2.pdf>). For violations of the SCC that involve improper use of Information Technology Devices, the student may be subject to discipline pursuant to the SCC, in addition to having his/her network privileges suspended.

The SCC provides a variety of interventions and consequences to address student misconduct that range from the least severe to expulsion. Before any intervention or consequence is issued, school officials shall consider all mitigating circumstances and shall ensure that the student receives due process. Mitigating circumstances include, but are not limited to, the following factors:

- the student's age, health, maturity, and academic placement;
- the student's prior conduct and record of behavior;
- the student's attitude;
- the level of parent/guardian cooperation and/or involvement;
- the student's willingness to make restitution;
- the seriousness of the offense; and
- the student's willingness to enroll in a student assistance program.

Moreover, the following require special application of the SCC:

Age Appropriate Discipline

The Board recognizes that students of different grades and ages are at different developmental levels, thus their behavior will be different and may call for different responses. In determining the appropriate level of interventions and consequences, in addition to mitigating circumstances, school officials should consider the grade level and age of the student. This approach may result in a less severe intervention and consequence for a lower grade or younger student as compared to a higher grade or older student.

The SCC does not apply to students attending pre-kindergarten and kindergarten and strict application of the Code to pre-kindergarten and kindergarten students is prohibited. School officials may refer to the SCC as a guide and may exercise discretion to issue appropriate interventions and consequences for students in pre-kindergarten or kindergarten who engage in inappropriate behavior. However, any decision to suspend, expel or reassign a pre-kindergarten or kindergarten student must be reviewed and approved by the appropriate Chief Area Officer.

Balanced and Restorative Justice and the SCC

The Code also reflects alternative approaches to classroom management and student discipline. Specifically, the Board recognizes and embraces the philosophy of restorative justice. Restorative justice principles involve those who have a stake in a specific offense in collectively identifying and addressing the harm done and the needs and obligations of all involved in order to heal and correct the situation as fully as possible. The Board encourages principals and administrators to adopt and implement restorative justice philosophies and practices as additional tools to address student misconduct. When restorative justice practices are available and adequate and when all parties voluntarily embrace and participate in restorative justice practices, these practices should be utilized as outlined in the SCC. For a list of examples of restorative practices please see Appendix G in the Appendix of this policy.

Student Uniforms and Dress Code Policies

Schools are allowed to institute a uniform policy that requires students to wear a specific uniform. Except as provided below in the section on Discipline in Military Academies and JROTC Programs, students who fail to abide by a school's uniform policy may not be given in-school or out-of-school suspension or detention or otherwise be barred from attending class. However, students who fail to adhere to such policies may be subject to the loss of extracurricular activities.

Schools may also institute dress code policies that do not require students to wear a specific uniform, but that prohibit students from wearing certain items or particular styles of attire and/or accessories. A dress code violation may be considered an inappropriate behavior under the SCC. Dress codes are often designed to address gang-related activities or to prevent serious disruption to the orderly educational process of the school. Students who wear clothing or accessories that display affiliation with gangs or other criminally motivated organizations or students who dress in a manner that causes serious disruption to the orderly educational process may be subject to discipline in accordance with the terms of the Code.

Discipline in Military Academies and JROTC Programs

In addition to the standards of conduct and intervention or consequences described in this Code, Board-designated military academies and other JROTC programs may enforce standards of conduct and intervention or consequences that are consistent with the military nature of those schools and programs. Students enrolled in a military academy who repeatedly engage in acts of gross misconduct or insubordination, or who repeatedly fail or refuse to wear the required military uniform, may be subject to administrative transfer by the military academy principal to another school (or in the case of a JROTC program, dismissal from the program). Prior to an administrative transfer, a conference must be held with the parents/guardians, student, military academy principal, and a designee of the Chief Executive Officer. Students who have been transferred for administrative reasons from any military academy must be accepted by their attendance area school.

Students who have been given an administrative transfer to another Chicago public school or expelled from the Chicago Public Schools lose all rank and privileges at the JROTC military academies and must reapply to the JROTC program and the military academies for enrollment.

Upon their child's enrollment at a military academy, parents/guardians shall be informed of the uniform policy, expectations of the military academy, and the administrative transfer policy, and shall indicate by signature their agreement to adhere to the terms of these policies.

Discipline in Charter, Contract and Performance Schools

Pursuant to the Charter Schools Law, Illinois School Law, 105 ILCS 5/27A, all Charter schools are exempt from local school board policies, including the Student Code of Conduct. Charter schools are free to adopt the SCC or to establish their own discipline policies.

Charter schools are not exempt from IDEA or from federal and state regulations as they pertain to discipline of students with disabilities. If a Charter school establishes their own discipline policies, they must incorporate language, and comply with the guidelines for suspension and expulsion of students with disabilities outlined in Appendix E of the SCC. Charter schools must also comply with policies and procedures established by the Office of Specialized Services for the discipline of students with disabilities.

Contract and Performance Schools are Chicago Public Schools and must follow the SCC.

Anti-Bullying Statement

Students are expected to act with consideration and respect for other students, staff and their property. School personnel are responsible for creating a safe, civil and respectful learning environment where students can gain the knowledge and interpersonal skills they need to succeed. Bullying creates a climate of fear and hostility, disrupts the educational process, inhibits the ability to learn, adversely affects student participation in educational programs and activities, has a negative effect on a school's social environment and leads to antisocial behavior.

Bullying behaviors may focus on an actual or perceived characteristic such as race, disability, religion, national origin, sexual orientation or gender identity/expression (lesbian, gay, bisexual or transgender (LGBT) students), or other reasons related to a student's distinguishing characteristic. Bullying may also occur with the intent to force gang involvement. The Chicago Public Schools prohibits any and all forms of bullying by students and will not tolerate acts of retaliation for making a report of bullying.

School staff shall identify and stop bullying behavior and refer perpetrators for appropriate discipline in accordance with this Student Code of Conduct.

Dating Violence Statement

Any school employee who is notified by a parent, guardian or student, or who reasonably suspects, that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence includes violent and controlling behavior such as threats, name-calling, threats of suicide, physical or sexual abuse and stalking. School staff shall promptly and reasonably investigate allegations of dating violence and issue appropriate discipline based on their findings. The principal shall ensure that the student victim of dating violence receives appropriate support services in accordance with the Board's Policy on Domestic Violence, Dating Violence and Court Orders of Protection, Restraint or No Contact (<http://policy.cps.k12.il.us/documents/704.4.pdf>).

Discrimination, Sexual Harassment, Retaliation Statement

A student, or a parent/guardian on the student's behalf, who believes they have been subject to discrimination, sexual harassment or retaliation based upon race, color, national origin, sex, gender identity/expression, sexual orientation, religion or disability, should notify the Principal, Assistant Principal or the Board's Equal Opportunity Compliance Office ("EOCO"), 125 S. Clark St., 11th floor, Chicago, IL 60603, telephone: 773-553-1013. If after making a report, a student, parent or guardian is not satisfied with the action taken or decision made by the Principal or Assistant Principal, they may appeal to the EOCO.

OVERVIEW OF THE STUDENT DISCIPLINE PROCESS

Step 1: School Officials Investigate

- The local school official in charge of discipline should talk to all students, teachers, school personnel and other witnesses to the incident.
- The local school official in charge of discipline must make every reasonable effort to notify the parent/guardian of a student who has been injured as a result of an act of misconduct.
- The investigation may necessitate a search of the student, his/her locker, desk or personal belongings. A search should be conducted only if necessary and any search that is conducted shall be performed in compliance with the Board's Search and Seizure Policy (<http://policy.cps.k12.il.us/documents/409.3.pdf>).

Step 2: School Affords Student Due Process

- The school official should assess the information gathered through the investigation, determine whether the student's behavior falls within the scope of the SCC, identify the student's misconduct among the list of inappropriate behaviors and determine whether the student's behavior should be addressed by the SCC.
- If the SCC applies, the school official should inform the student of the allegation(s) being made and the range of sanctions the student faces. The student must be afforded an opportunity to respond to the charges, and the school official should make a reasonable effort to contact the parent/guardian to alert him/her to what is happening before any sanction is enacted. No disciplinary action may be taken against a student before the student has been afforded the opportunity to respond to the allegations.
- If necessary, and only after a reasonable effort has been made to contact the student's parent/guardian, the Chicago Police Department should be notified.

- School officials should inform the student and parent(s)/guardian(s) that the student has the right to appeal the disciplinary decision.

Step 3: Fill Out the Necessary Paperwork

- The school official must complete an official CPS Misconduct Report for ALL inappropriate behaviors under the SCC (Groups 1-6). See Appendix A for sample Misconduct Report.
- The school official must also send a copy of the Misconduct Report home to the parent/guardian.

Step 4: Discipline According to the SCC

- Any disciplinary action taken against a student must conform to the interventions or consequences outlined in the SCC.
- Suspensions may not exceed 10 days for one incident for any reason. In-school suspensions may not exceed five days for one incident.
- Students may not attend school-sponsored events and are not allowed on school grounds during the term of suspension. They must be allowed to return for statewide assessment testing periods unless the student is available to take the tests during a scheduled make-up testing period.
- Students must be assigned homework during in-school or out-of-school suspension and must be given the opportunity to make up any statewide tests, final exams and in-class tests or quizzes given during the period of suspension.

Step 5: Expulsion or Alternative Placement/Reassignment Hearings (For Groups 5 and 6 ONLY)

- If a student's misconduct falls within the Group 5 SCC Category, a school principal retains the discretion to refer a student for expulsion or alternative placement/reassignment, but any decision to do so must be approved by the Chief Area Officer or designee.
- If a student's misconduct falls within the Group 6 SCC Category, a student must be referred for expulsion and a hearing must be held prior to a student's expulsion, assignment to SMART or issuance of any other sanction that results in a student's alternative placement or reassignment.

- For additional information about Expulsion or Alternative Placement/Reassignment Hearings, see Appendix B, Expulsion Hearing and Emergency Alternative Placement Guidelines.

Step 6: Appeals

- If a student, parent or guardian feels that the intervention or consequence taken is unwarranted or excessive, he or she has the right to ask the principal to review the matter and to reconsider the decision.
- In the event that a parent or guardian wishes to appeal a principal's decision to suspend a student or refer a student for expulsion, he or she must appeal in writing to the Chief Area Officer or designee. When considering disciplinary appeals, the Chief Area Officer or designee must ensure that there were no factual errors in the principal's decision to suspend the student; the student was charged with the appropriate Act of Misconduct; and the length of the suspension was commensurate with the student's misconduct.
- Any appeal of the final determination of a student's expulsion must be made in writing and sent, along with any additional evidence not available at the time of expulsion, to the Chief Executive Officer or designee. The Chief Executive Officer or designee's decision regarding the appeal shall be final.
- The term of a student's suspension or expulsion is not halted by an appeal to the Chief Area Officer, and/or the Chief Executive Officer.

POLICE NOTIFICATION

When certain misconduct by a student amounts to a criminal act or poses danger to the health, safety or welfare of other students and staff at a school, it may be necessary and appropriate to contact the Chicago Police Department (CPD) and to seek their assistance. The inappropriate behaviors that require a school official to notify the CPD are identified throughout the SCC by the placement of an asterisk (*) preceding the specific inappropriate behavior. If a student engages in such behavior, a school official must contact the CPD. Whenever the school notifies the police concerning student misconduct, the school must also immediately attempt to contact the parent/guardian of that student. If questions arise concerning police notification, please consult the appropriate Area Office or the Law Department at (773) 553-1700.

However, there are other inappropriate behaviors by students where it is necessary for a school official to assess the nature of the misconduct and the extent to which the health, safety or welfare of other persons are placed in danger by a student's actions. In those instances, school officials must make a judgment call as to whether contacting CPD is appropriate. To assist school officials in making this determination, the inappropriate behaviors preceded by double asterisks (***) are those the SCC considers possible violations of criminal law, depending on the specific facts and circumstances, and **may** require police notification. School officials should consider whether the misconduct is particularly egregious and/or the student persists in misconduct after being told to cease such behavior and continues to endanger the health, safety or welfare of others.

The discretionary exercise of a school official's authority to notify the CPD should involve the consideration of a variety of factors. Those factors include, but are not limited to:

- The age of the student engaging in misconduct;
- The extent to which the student acted intentionally or recklessly;
- Whether the student has received prior warnings; and

- Whether the student's misconduct is specifically intended to cause others physical harm or endanger the health, safety or welfare of others.

If a school official has any questions regarding the decision of whether to notify the police, he or she should contact the appropriate Area Office or, if necessary, the Law Department, as soon as possible and before notifying the police. However, at no time should the safety of students and/or staff be compromised to adhere to this provision of the SCC.

IMPLEMENTATION OF THE STUDENT CODE OF CONDUCT

It shall be the responsibility of each school principal to:

- Confer with school personnel, parents, students, and appropriate community agencies to formulate procedures and programs that will foster socially acceptable student conduct;
- Prepare and submit copies of Incident Reports for Group 4, 5 and 6 violations of the SCC to the Office of the Chief Executive Officer or designee. The Office of School Safety and Security should review Incident Reports for Group 4, 5, and 6 violations of the SCC;
- Prepare and submit copies of Misconduct Reports to the Office of School Safety and Security and the Office of the Chief Executive Officer or designee for any violation of the SCC. All Misconduct Reports must be prepared, recorded, and sent to the student's parent/guardian for every occurrence of inappropriate behavior;
- Notify the Chicago Police Department as necessary to protect the safety, health and welfare of students and staff;
- Assist central office and the Law Department with expulsion proceedings by identifying and producing witnesses and transmitting documents to the Chief Executive Officer or designee and by reviewing all documentation regarding an incident to ensure that it is complete, accurate and properly written;

- Ensure compliance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) and applicable Illinois procedural safeguards for discipline of students with disabilities.
- Make a reasonable effort to meet with the student's parent/guardian or to ensure that another school official meets with the student's parent/guardian following every act of misconduct;
- Encourage positive behavior by students; and
- Ensure that students who are suspended receive homework assignments and are given the opportunity to participate in any statewide assessments given during the period of a student's suspension.

It shall be the responsibility of the Chief Executive Officer or designee to accomplish the following:

- Review school intervention or consequences and hear appeals regarding such actions;
- Monitor the implementation of prevention strategies and the safety/security program in each school;
- Systematically monitor suspension, expulsion, and other disciplinary data by race, ethnicity, and sex of student, and prepare recommendations for improvement of school discipline; and

INTERVENTIONS AND CONSEQUENCES

For violations of Group 5 Inappropriate Behaviors, a student shall be suspended for five to ten days, and may be referred for expulsion and/or disciplinary reassignment. For offenses involving the improper use of the CPS Network or Information Technology Devices, network privileges may be revoked for up to two years, in addition to other disciplinary actions available.

For Group 5 Inappropriate Behaviors for which a student in the sixth grade or above is referred for expulsion, the student may be recommended by an expulsion hearing officer to attend the Board-sponsored SMART program in lieu of expulsion if he or she has no prior Group 5 or Group 6 violations and/or has not engaged in behaviors which involve violence or the threat of violence within the previous nine months. Such recommendations are subject to approval of the Chief Executive Officer. A student who is recommended for participation in the SMART program in lieu of expulsion but who fails to successfully complete the program shall be expelled. If a student is expelled, Alternative Safe School Placement may be recommended for the period of the expulsion.

* Inappropriate Behaviors marked with a single asterisk indicate that the school must notify the police of the incident.

** Inappropriate Behaviors marked with two asterisks indicate that the school may use its discretion in notifying police about the incident. Police notification is not required for these Inappropriate Behaviors.

¹⁴ Any attempt at an illegal behavior is an illegal behavior itself, and so is included as punishable under this code.

¹⁵ First-time violations of Inappropriate Behavior 5-11 by a student in the fifth grade and below will result in a maximum of ten days suspension at the school level, and the student will not be referred for an expulsion hearing.

¹⁶ An example of behavior that would constitute a 5-13 violation is a student pushing school personnel out of the way in order to physically fight with another student.

¹⁷ A student may be referred for expulsion for a first-time violation of Inappropriate Behavior 5-17. It can be assumed that students in possession of large quantities of illegal drugs, narcotics, or controlled substances are engaging in the sale of these substances, which is a violation of Inappropriate Behavior 6-6 and must be referred for expulsion.

GROUP 6 - INAPPROPRIATE BEHAVIORS

These acts of misconduct include illegal student behaviors that not only *most seriously disrupt* the orderly educational process in the Chicago Public Schools but also mandate the disciplinary action described below:

- *6-2 Intentionally causing or attempting to cause all or a portion of the CPS Network to become inoperable

- *6-4 Bomb threat
- *6-5 Robbery

- *6-11 Kidnapping

INTERVENTIONS AND CONSEQUENCES

Suspension for ten days and expulsion for a period of not less than one calendar year, or as modified on a case-by-case review by the Chief Executive Officer or designee. Alternative Safe School Placement may be recommended for the period of the expulsion. For first-time offenses of Group 6 Inappropriate Behaviors by students in the sixth grade or above which do not involve violence or the threat of violence or the use, possession, and/or concealment of a firearm/destructive device, or the sale or delivery of illegal substances, a student may be recommended by the expulsion hearing officer to attend the Board-sponsored SMART program in lieu of expulsion if he or she has no prior Group 5 or Group 6 violation during the previous nine months. A student who is recommended for participation in the SMART program in lieu of expulsion but who fails to successfully complete the program shall be expelled. For offenses involving the improper use of the CPS Network or Information Technology Devices, network privileges may be revoked indefinitely.

* Inappropriate Behaviors marked with a single asterisk indicate that the school must notify the police of the incident.

APPENDIX B - EXPULSION HEARING AND EMERGENCY ALTERNATIVE PLACEMENT GUIDELINES

Hearing Procedures

- If a student engages in inappropriate behavior, a Misconduct Report is prepared and the parent or guardian and student are contacted, notifying them of the misconduct.
- When a student engages in an Inappropriate Behavior that results in a referral for a disciplinary hearing, the parent/guardian of the student will be sent a Notice of Request for Disciplinary Hearing letter and a Notice of Disciplinary Hearing letter. These notices will provide a description of the incident, the date of the incident, the SCC misconduct number, and the time and date for the disciplinary hearing.
- At the hearing, testimony from all witnesses for the Chief Executive Officer, as well as for the student, will be heard and documentary evidence may be introduced.
- After the hearing, the hearing officer provides an opinion to the Chief Executive Officer for final approval. The hearing officer's opinion shall set forth his or her recommended consequence or intervention for the student's misconduct.
- If a student in Grades 6-12 has not incurred any Group 5 or 6 violations during the previous nine months and the behavior for which the student was referred for expulsion does not involve violence or the threat of violence, the hearing officer may recommend that the student attend the Board-sponsored SMART program in lieu of expulsion. Such recommendations are subject to approval of the Chief Executive Officer. A student who is recommended to attend the SMART program in lieu of expulsion but who fails to successfully complete the program shall be expelled.
- The hearing officer may also issue a recommendation that a student be expelled for up to two calendar years or as modified on a case-by-case basis by the Chief Executive Officer or designee. If a student is expelled, Alternative Safe School Placement may be recommended for the period of the expulsion.

Emergency Referral to Alternative Placement

- Students who commit extremely serious infractions of Groups 5 and 6 of the Student Code of Conduct may be referred for placement in an interim alternative setting in addition to being referred for expulsion. This placement would be effective following a student's designated term of suspension and would not be considered permanent; therefore, no hearing is required prior to referring a student for emergency alternative placement.
- A general education student may be referred for emergency placement in an alternative school if the student commits a serious act of misconduct that presents a serious and credible threat of harm to themselves or others.
- Students with disabilities may also be referred for emergency alternative placement when in possession of weapons, large amounts of drugs; or for causing serious bodily injury to another person when the misconduct occurred on school grounds or at a school-sponsored event. For students with disabilities whose misconduct presents a danger to themselves or others in a manner other than those specified above, please consult with the Office of Due Process and Mediation. Students with disabilities may be placed in an interim alternative educational setting for a maximum period of 45 school days even in instances where the student's misconduct is ultimately determined to be a manifestation of his or her disability.

APPENDIX E¹⁸ - PROCEDURAL GUIDE FOR STUDENTS WITH DISABILITIES

School officials may suspend students with disabilities and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing special education procedural safeguards. Saturday, and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities are provided with special education services, in-school suspensions do not count towards the 10-day limit. Principals are not required suspend students with disabilities for the mandatory periods set forth in this Code for a single offense. The principal has discretion to be flexible in the amount of days of suspension given to students with disabilities. Students with disabilities can be suspended in excess of 10 school days in certain circumstances. **In order to suspend a student with a disability in excess of 10 school days, the Office of Due Process and Mediation at (773) 553-1905 MUST first be consulted for approval.** When school officials anticipate a referral for expulsion or for emergency alternative placement, the following apply:

1. Provide written notice to the parent/guardian or surrogate parent of the intervention or consequence being considered and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to discipline the student.
2. The IEP team must:
 - A. Determine whether the misconduct is related to the student's disability by reviewing evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student's IEP. The behavior is a manifestation of the student's disability if:
 - 1) the conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability; and/or
 - 2) the conduct in question was the direct result of the school's failure to implement the student's IEP.
 - B. Review and revise, if necessary, the student's existing behavior intervention plan or, develop a functional behavior assessment and intervention plan to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined.

If the student's behavior is not a manifestation of the disability, school officials may apply the Student Code of Conduct, taking into consideration the student's special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services.

If the student's behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur.

Students with disabilities may be placed in an interim alternative educational setting for a maximum of 45 school days, even in instances where the student's misconduct is ultimately determined to be a manifestation of his or her disability.

Students with disabilities may be referred for emergency alternative placement when in possession of weapons, large amounts of drugs, or for inflicting serious bodily injury on another person while on school grounds or at a school sponsored event. The parent or legal guardian may request a due process hearing to challenge the emergency alternative placement.

For students with disabilities whose misconduct presents a danger to themselves or others in a manner other than those specified above, please consult with the Office of Due Process and Mediation, as the Chief Executive Officer may request that a hearing officer order a 45-day emergency alternative placement.

Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Office of Due Process and Remediation (773-553-1905) is absolutely necessary. **Without such consultation and approval from the Department, the 10 school day limit on out of school suspensions will continue to apply.**

¹⁸ All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with §504 plans.

APPENDIX F

NOTICE TO PARENTS AND STUDENTS REGARDING BOARD POLICIES

Under the Federal Family Educational Rights and Privacy Act (“FERPA”) and the Illinois School Student Records Act (“ISSRA”), students and their parents have certain rights with respect to the student’s educational records. These rights transfer solely to the student who has reached the age of 18, graduated from secondary school, married or entered into military service, whichever comes first.

Student Records

The law requires the Board of Education of the City of Chicago (the “Board”) to maintain educational records, which includes both “permanent records” and “temporary records.” A student’s permanent record contains the student’s name, place and date of birth, address, transcript, parent(s) name(s) and address(es), attendance records, and other information mandated by the Illinois State Board of Education. The student’s temporary records include all school-related student information not contained in the permanent record. Student records may include both paper and electronic records.

Notice of Student Record Retention and Disposal

According to Board policy, the retention periods for records are as follows:

- The Student Cumulative (or Temporary) Record for elementary school students shall be kept until the student is 21 years old and for high school students, shall be kept until the student is 27 years old.
- Special education related records for students with disabilities shall be kept until the student is 27 years old.
- Student Permanent records are kept for at least 60 years after the student has transferred, graduated, or otherwise permanently withdrawn from the school.

The Board will follow the above retention schedule and will destroy these student records in the natural course of business when the records are eligible for disposal. Parents will be given notice when students permanently withdraw from school of the record disposal schedule. For additional information, refer to the Board’s Policy on the Maintenance and Retention of School Student Records at (<http://policy.cps.k12.il.us/documents/706.1.pdf>).

Right to Review and Challenge Student Records

Parents and students, whether emancipated or not, have the right to inspect and copy all of the student’s educational records maintained by

the school or the Board unless the parent is prohibited by an order of protection from obtaining those records.

When a student is transferring to a school outside the Chicago Public Schools district, parents have the right to inspect and copy and to challenge their children's temporary and permanent student records prior to the time records are transferred to the out-of-district school.

Schools may not charge to search for or retrieve information, though schools may charge a reasonable fee to copy records. *No parent or student shall be denied a copy of the student records due to their inability to pay.*

Parents have the right to request that a school corrects recorded information (with the exception of academic grades) that they believe is inaccurate, irrelevant or inappropriate through an informal conference at the local school. If the school decides not to amend the records, the parent has the right to request a formal hearing by submitting a written request to the Board. Parents should contact the Office of P-12 Management, Chicago Public Schools, 125 S. Clark Street, 10th Floor, Chicago, IL 60603, for a formal hearing. After the hearing, if the Board decides not to amend the record, the parent has the right to place a statement with the records commenting on the contested information in the record. The parent may appeal the Board's decision by contacting the Illinois State Board of Education (ISBE), Division Supervisor for the Division of Accountability, 100 W. Randolph St., Suite 14-300, Chicago, IL 60601. For more information on how to review and/or challenge a student's record, review the Board's policy on "Parent and Student Rights of Access to and Confidentiality of Student Records" (<http://policy.cps.k12.il.us/documents/706.3.pdf>).

Release of Student Records

Generally, schools may not release student records information without written permission from the parent. However, the law allows the disclosure of records, without consent, to select parties, including:

- School district employees or officials¹⁹ who have an academic or administrative interest in the student;
- Schools to which the student is transferring, upon the request of the parent or student;
- Certain government officials as required by State or Federal law;
- Persons conducting studies, provided no student can be individually identified;
- Individuals who have obtained a court order regarding the records, provided the parents are notified;

- Persons who need the information in light of a health or safety emergency; and
- State and local authorities in the juvenile justice system.

A school may also disclose, without consent, certain “Directory Information” such as a student’s name, address, telephone number, date and place of birth, and awards and dates of attendance, provided that prior to the release of the Directory Information the parents are given the opportunity to opt out of the release of this information, in which case the information will not be released.

Please note that no person may condition the granting or withholding of any right, privilege or benefit or make as a condition of employment, credit or insurance the securing by any individual of any information from a student’s temporary record that the individual may obtain through the exercise of any right secured under ISSRA.

Release of Records to Recruiters

BALANCED AND RESTORATIVE JUSTICE STRATEGIES

Following is a listing of generally accepted balanced and restorative justice strategies. Balanced and restorative justice strategies may be used at the discretion of the principal in lieu of certain other non-Group 5 or 6 interventions set forth in the SCC, when all parties voluntarily agree to participate and the appropriate resources are available to support a meaningful effort. These strategies may also be used in conjunction with other interventions. This list is not exhaustive of all balanced and restorative justice strategies.

Circles **(Also called Peacemaking Circles, Circles of Understanding)**

Circles - sometimes called peacemaking circles - use traditional circle ritual and structure to involve the victim, victim supporters, the offender, offender supporters, police, and all interested community members. Within the circle, people can speak from the heart in a shared search for understanding of the event, and together identify the steps necessary to assist in healing all affected parties and prevent future offenses.

Circles typically involve a multi-step procedure that includes: (1) application by the offender to participate in the circle process; (2) a healing circle for the victim; (3) a healing circle for the offender; (4) a circle to develop consensus on the elements of a healing plan; and (5) follow-up circles to monitor the progress of the offender. The healing plan may incorporate commitments by the school, community, and family members, as well as by the offender. Specifics of the circle process vary from community to community and are designed locally to fit community needs and culture. Circles also may be used in schools to improve school culture and build relationships.

Goals

The goals of circles include:

- Promote healing for all affected parties
- Provide an opportunity for the offender to make amends

- Empower victims, community members, families, and offenders by giving them a voice and a shared responsibility in finding constructive resolutions
- Address the underlying causes of offense behavior
- Build a sense of community and its capacity for resolving conflict
- Promote and share community values
- Improve school culture

Implementation

A successful circle process depends upon a healthy partnership between the school and the community. Participants from both need training and skill building in the circle process, peacemaking, and consensus building. The school can subsequently customize the circle process to fit local resources and culture.

Circles are not appropriate for all offenses. The connection of the offender to the community, the sincerity and nature of the offender's efforts to be healed, the input of victims, and the dedication of the offender's support group are key factors in determining whether a case is appropriate for the circle process.

Community Service

Community service is work performed by an offender for the benefit of the school community as a formal or informal sanction. Just as neighborhoods and school communities are harmed by criminal and delinquent activities, they can be at least partially restored by meaningful service that contributes to their improvement. Community service offers one way an offender can be held accountable to repair some of the harm caused by his or her criminal or delinquent actions.

Goals

The goals of community service are to:

- Hold offenders accountable for the harm they have caused to the school community
- Provide school communities with human resources that can assist in maintaining a positive school climate
- Allow victims a voice and occasionally some direct benefit by recommending the type of community service performed

Implementation

Successful community service programs require a true partnership. Offenders in a school community can enhance efforts of the community by providing meaningful contributions. Examples of community service include: programs that beautify a community's environment such as cleanup efforts or graffiti removal. Truly restorative community service offers crime victims the opportunity to provide input into the types of community service they would like to see the offender perform, including activities that directly benefit the victim or a charity or project of the victim's choice.

Peer Juries

(Also called Youth, Teen and Student Courts)

Peer Juries are programs in which youth work together with youthful offenders, victims and the community which is most often the school setting, to repair harm, build competencies and help to create safer schools and/or communities. Youth Courts typically are set up in different configurations resembling courts, while peer juries often resemble BARJ models of Peacemaking Circles or Community Panels. They usually deal with minor delinquent and other problem behaviors.

Most programs require youth to admit guilt or accept responsibility prior to participation. When the program or disposition is completed, charges or consequences are typically dismissed. Agencies operating and administering youth court programs include juvenile courts, juvenile probation departments, law enforcement, private nonprofit organizations, and schools.

Goals

The goals of peer juries are to:

- Determine a fair and restorative sentence or disposition
- Supervise the disposition and monitor the outcome

Implementation

Successful peer juries consist of students who are trained in restorative justice practices, including circles, conferencing and community panels. Students who participate in peer jury sessions as victims, offenders or community members should be encouraged to participate as volunteers on subsequent panels.

Restorative Group Conferencing (Also called Family Group Conferencing or Accountability Conferencing)

Restorative group conferencing involves the community of people most affected by the offense — the victim and the offender; and the family, friends and key supporters of both — in deciding the resolution of an incident. These affected parties are brought together by a trained facilitator to discuss how they and others have been harmed by the offense and how that harm might be repaired. To participate, the offender must admit to the offense. Participation by all involved is voluntary. The facilitator contacts the victim and offender to explain the process and invites them to the conference; the facilitator also asks them to identify key members of their support systems, who will be invited to participate as well.

The conference typically begins with the offender describing the incident, followed by each participant describing the impact of the incident on his or her life. It is preferable to allow the victim to start the discussion, if they wish. Through these narrations, the offender is faced with the human impact of the behavior on the victim, on those close to the victim, and on the offender's own family and friends. The victim has the opportunity to express feelings and ask questions about the incident. After a thorough discussion of the impact of the behavior on those present, the victim is asked to identify desired outcomes from the conference, and thus help to shape the obligations that will be placed on the offender. All participants may contribute to the problem-solving process of determining how the offender might best repair the harm he or she has caused. The session ends with participants signing an agreement outlining their expectations and commitments.

Goals

The goals of restorative group conferencing include:

- Provide an opportunity for the victim to be directly involved in the discussion of the offense and in decisions regarding appropriate sanctions to be placed on the offender
- Increase the offender's awareness of the human impact of his or her behavior and provide an opportunity to take full responsibility for it
- Engage the collective responsibility of the offender's support system for making amends and shaping the offender's future behavior
- Allow both offender and victim to reconnect to key community support systems

Implementation

In implementing any restorative conferencing program, the facilitators, who may be students or school personnel, must be trained in conferencing preparation techniques. It is critically important that the facilitator do everything possible to ensure that neither the victims nor offenders are harmed in any way. Additionally, the victim's participation must be completely voluntary, as should the participation of the offender. Whenever possible, the victim should be given choices concerning decisions such as when and where the conferencing session will take place, who will be present, who will speak first, etc. The facilitator should conduct in person, pre-conferencing sessions with both parties and make follow-up contacts, including the monitoring of any agreement reached.

Victim Impact Panels

Victim impact panels provide a forum for victims to tell a group of offenders about the impact of the offense on their lives and on the lives of their families, friends, and neighbors. Panels typically involve three or four victim speakers, each of whom spends about 15 minutes telling their story in a nonjudgmental, non-blaming manner. The offenders of the victim presenters are not present. While some time is usually dedicated to questions and answers, the purpose of the panel is for the victims to speak, rather than for the victims and offenders to engage in a dialogue.

Goals

The goals of victim impact panels are to:

- Help offenders understand the impact of their offenses on victims and communities
- Provide victims with a structured, positive outlet to share their personal experiences and to educate offenders, and others about the physical, emotional and financial consequences of offenses
- Build a partnership among victim service providers and community agencies that can raise the individual and community awareness of the short- and long-term impacts of crime

Implementation

Many criminal and juvenile justice agencies have institutionalized victim impact panels as a sentencing option. Victim service organizations either implement the program for the court, or work in collaboration

with justice personnel to conduct panels. Whatever the structure, victim service agencies are usually best prepared to perform the critically important role of screening victims to ensure they are sufficiently healed from their victimization experience not to be re-traumatized by participating in the panel. Other implementation tasks are to prepare the victims for participation, moderate the panels, gather participant feedback information, and provide records of participants and program activities to the sentencing authority.

Victim Offender Conferencing (Also called Victim-Offender Mediation, or Victim-Offender Dialogue)

Victim offender mediation is a process that provides interested victims an opportunity to meet their offender, in a safe and structured setting, and engage in a mediated discussion of the offense. With the assistance of a trained mediator, the victim is able to tell the offender about the offense's physical, emotional and financial impact; to receive answers to lingering questions about the offense and the offender; and to be directly involved in developing a restitution plan for the offender to pay back his or her financial debt.

This process is different from mediation as it is practiced in civil or commercial disputes, since the involved parties are not "disputants" nor of similar status - with one an admitted offender and the other the victim. Also, the process is not primarily focused upon reaching a settlement, although most sessions do, in fact, result in a signed restitution agreement. Because of these fundamental differences with standard mediation practices, some programs call the process a victim offender "dialogue," "meeting," or "conference."

Goals

The goals of victim offender mediation include:

- Support the healing process of victims by providing a safe and controlled setting for them to meet and speak with the offender on a strictly voluntary basis
- Allow the offender to learn about the impact of the offense on the victim and to take direct responsibility for their behavior
- Provide an opportunity for the victim and offender to develop a mutually acceptable plan that addresses the harm caused by the offense

Implementation

In implementing any victim offender mediation program, it is critically important to maintain sensitivity to the needs of the victim. First and foremost, the mediator must do everything possible to ensure that the victim will not be harmed in any way. Additionally, the victim's participation must be completely voluntary, as should the participation of the offender. The victim should also be given choices, whenever possible, concerning decisions such as when and where the mediation session will take place, who will be present, who will speak first, etc. Cases should be carefully screened regarding the readiness of both victim and offender to participate. The mediator should conduct in person, pre-mediation sessions with both parties and make follow-up contacts, including the monitoring of any agreement reached.
