

No Child Left Behind Choice Transfer Program – Fall 2009

List of Elementary “Receiving Schools

Under NCLB, students from lower performing schools have the right to apply for transfer to a school that is not in "School Improvement". A school is not in "School Improvement" if it meets adequate yearly progress (AYP) each year. CPS used the results of the 2008 Illinois State Achievement Test (ISAT) to determine the list of ‘receiving’ schools for the transfer program.

These schools had 95 percent of their students (in the whole school and in each subgroup) participating in the state assessment and 62.5 percent of the students (in the whole school and in each subgroup) met or exceeded state standards. Additionally, the school had at least a 90 percent attendance rate. Also, newer schools are on the list because schools are not placed in "school improvement" until there is enough data for a comparison. If you have questions about process, contact the NCLB Choice Program at (773)553-2443. Below is the list of schools that qualify as "receiving schools."
