

How to Read the Elementary School and Program Index

Below are instructions for reading the Elementary School and Program Index. Match the numbers on the descriptions with the corresponding numbers on the spreadsheet.

Application Procedures

There are four ways that a student can enroll or apply to a CPS school's general or school-wide education program or to a program within the school. The numbers located under "School Application Procedure" and "Program Application Procedure" can be used as a guide to students and parents on how to enroll in the general education program and programs within a school. Please note that several schools have programs that may have a different application procedure type, which are listed on the "Program Application Procedure" column.

Each number refers to a different type of application procedure and is summarized below:

APPLICATION PROCEDURE

OPEN – No application required

- Students living inside the school's attendance area boundary do not need to apply to the general education program
- Students living outside attendance area boundary may be able to submit the Standard Application. Students can check the Options for Knowledge guide or contact the Office of Academic Enhancement to find out if the school is accepting applications from students outside the school's area boundaries.
- Students are automatically enrolled into programs within these schools once accepted into the school through the general education program. Programs typically include the Comprehensive Gifted Program and Specific Aptitude Program.

APPLICATION PROCEDURE

APPLICATION – Requires application only

Schools and programs that typically fall into this category:

- Magnet schools
- Charter schools
- Early Childhood Centers
- Contract schools
- Citywide small schools

Download the Standard Elementary School application at www.cpscae.org for the magnet schools. Please contact school directly for early childhood centers, charter, contract, and small school applications.

APPLICATION PROCEDURE

APPLICATION PLUS– Requires application and other requirements, such as testing.

Schools and programs that typically fall into this category:

- Academic Centers
- Classical Schools
- Regional Gifted Centers
- International Gifted Program

Download the Selective Enrollment Elementary Schools application at www.cpscae.org or apply online www.apply.cps.edu.

APPLICATION PROCEDURE

PLACEMENT– By referral or placement

Schools and programs that typically fall into this category are those where students are placed per a CPS Administrative referral. Students do not apply to these schools, such as Special Education Schools.
