HARLAN ENGINEERING MAGNET PROGRAM
General Information and Application Instructions

NOTE:
When completing application, use ink only. Use CAPITAL letters only. Do not photocopy. Do not allow letters or numbers to touch the lines of the squares.

General Information
Beginning September 2009, the first CPS high school engineering magnet track will be offered at Harlan High School, 9652 S. Michigan Ave. The magnet track will serve approximately 60 incoming freshmen during the 2009-2010 school year and add one grade each year until the track serves grades 9-12.

Available spaces will be filled through a citywide application process. If more applications are received than there are spaces available, students will be randomly selected by computerized lottery. In order to be included in the computerized lottery, applicants must have minimum stanine scores of 5 in reading and mathematics on their seventh grade standardized tests.

Up to 30% of the applicants will be selected from qualified students who live in the Harlan attendance boundary. Because the engineering track is a four-year, sequential course of study, students will be admitted at the freshman level only.

Application Instructions

Personal Information
Provide applicant's name, address, CPS ID number (if the student is a current CPS student), race/ethnicity, and gender.

Parent/Guardian Information
Provide parent/guardian's name, work/cell and home telephone numbers.

Lottery
If the applicant lives in the school's attendance boundary, check "Proximity Lottery." Otherwise, check "General Lottery."

Signature
The parent/guardian is required to sign the application.

To Be Completed by School Officials
The student's current school counselor or principal should write in the student's standardized test scores from seventh grade, attach a copy of the student's scores, and sign the application to verify that the scores are correct.

Neighborhood Programs
Students who live in the school's attendance boundary are eligible to participate in one of the school's specialty programs if they are not selected in the computerized lottery for the engineering track, or if they do not qualify for inclusion in the computerized lottery. These students may apply to the AVID, Business Technology, and/or Fine and Performing Arts programs, and should rank them on the application in order of their preference. Students will be assigned to these programs, on a first-come, first-served basis, according to preference.

Deadline and Notification
Completed applications should be sent to: Office of Academic Enhancement, 125 S. Clark St., 4th floor, Chicago, Illinois 60603. Applications must be received no later than March 13, 2009. Students will be notified of the status of their application by March 27, 2009.

Curriculum
The engineering magnet track will offer math and science college preparatory courses to establish a solid background in engineering and technology. Basic courses include Introduction to Engineering Design and Principles of Engineering, and specialization courses include Aerospace Engineering, Biotechnical Engineering, Civil Engineering and Architecture, and Computer Integrated Manufacturing.
Beginning September 2009, the first CPS high school engineering magnet track will be offered at Harlan High School, 9652 S. Michigan Ave. Students will be selected for the program by computerized lottery, and must have a minimum stanine of 5 in reading and math on their seventh grade standardized test in order to qualify for the lottery. Completed applications should be sent to: Office of Academic Enhancement, 125 S. Clark St., 4th floor, Chicago, Illinois 60603. Applications must be received in our office no later than March 13, 2009. PLEASE READ INSTRUCTIONS ON THE REVERSE OF THIS APPLICATION FOR ADDITIONAL INFORMATION.
