## Notice to Parents and Students Regarding Board Policies
Effective September 4, 2018

PURPOSE

The Chicago Public Schools (CPS) Student Code of Conduct (SCC) supports our schools in maintaining safe, nurturing, participatory and productive learning environments. In order to maximize learning time and promote positive behaviors, every school must establish multi-tiered systems of support for students’ social, emotional and behavioral needs. This includes developing clear expectations, teaching social-emotional competencies, and fostering positive relationships among all members of the school community. Chicago Public Schools is committed to an instructive, corrective, and restorative approach to behavior. If behavior incidents arise that threaten student and staff safety or severely disrupt the educational process, the response should minimize the impact of the incident, repair harm, and address the underlying needs behind student behaviors. In accordance with the SCC, all disciplinary responses must be applied respectfully, fairly, consistently, and protect students’ rights to instructional time whenever possible.

A safe, welcoming, and productive school requires the support of all staff, students, and families.

GENERAL REQUIREMENTS

The SCC applies to students at all times during the school day, while on school property, while traveling to and from school, at any school-related event, on any vehicle funded by CPS (such as a school bus), and while using the CPS network.¹

The SCC also applies to student behavior outside of school if: (1) a student engages in a Group 5 or 6 behavior, and (2) the behavior disrupts or may disrupt the educational process or orderly operation of the school. This includes seriously inappropriate behavior on social networking websites that disrupts or may disrupt the educational process or orderly operation of the school.

To address inappropriate behavior, school administrators must comply with the Guidelines for Effective Discipline which shall be issued by the Office of Social & Emotional Learning. At a minimum, a principal or his/her designee must:

1) **Redirect to correct behavior.** All adults should redirect students to correct inappropriate behavior and minimize the likelihood of the behavior escalating or recurring.

2) **Intervene** to minimize escalation, disruption, resolve conflict, and as necessary to keep students and staff safe. If a student has been injured, make every reasonable effort to immediately notify the parents/guardians.

3) **Gather information** by talking to all involved students, teachers, school staff, or others who witness the incident. When student misbehavior is reported to the school principal or designee, an investigation must begin no later than the next school day; however, if student safety is at risk, investigations must begin immediately.
   a) If there is an allegation of harassment, bullying, assault, or abuse related to sex, sexual orientation, gender, or gender expression or an inappropriate consensual sexual activity, contact the Office of Student Protections and Title IX immediately for support and assistance in following the remaining steps listed here.
   b) If a search of the student, his/her locker, desk, or personal belongings is conducted, the student must be present and should cooperate with the search.

¹ The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (http://policy.cps.edu/download.aspx?ID=203).
needs to be conducted, follow the Board’s Search and Seizure Policy (http://policy.cps.edu/download.aspx?ID=190). Identify factors that may have contributed to the incident and seek to understand the full context.

4) **Analyze** whether the student’s alleged behavior falls within the SCC using the information gathered. If so, determine the Group level of disruption caused by the inappropriate behavior, identify the inappropriate behavior listed, and consider the range of possible interventions and consequences.

5) **Discuss** with the student and provide the opportunity to explain his/her perspective.
   a) Inform the student of the inappropriate behavior s/he may have exhibited, the applicable SCC behavior category, and the range of possible interventions and consequences.
   b) Ask the student to explain what happened from his/her perspective and reflect on his/her actions.
   c) Seek to understand the root cause of the behavior, including trauma or unmet social, emotional or behavioral health needs.
   d) Make reasonable efforts to contact the parents/guardians and discuss the incident with them before assigning interventions and consequences.
   e) No student shall be sent home before the end of the school day unless the school has established contact with the student’s parent/guardian and provided written notice of a suspension.

6) **Make a determination and consider the needs of all parties involved.**
   a) Determine whether it is more likely than not that the student engaged in the identified SCC inappropriate behavior and the intervention or consequence most likely to address the cause of the behavior.
   b) Identify the social, emotional, and/or safety needs of the affected student(s) and provide appropriate supports and follow up.

7) **Assign interventions or consequences** according to the SCC.
   a) Identify the intervention(s) or consequence(s) most likely to address the cause of the behavior including social, emotional or trauma-related needs, repair harm, and prevent repeat behaviors.
   b) The principal or designee has the final authority to assign interventions and consequences based on the best interest of the school community, including available school resources, and the needs and rights of all involved students in alignment with the SCC.
   c) Follow the special procedures contained in the Procedural Safeguards section for students with disabilities and students with Section 504 Plans.
d) Avoid consequences that will remove the student from class or school, if possible. **Use out-of-school suspensions only as a last resort in accordance with the suspension guidelines on page 9.**

e) Note that CPS does not support the use of zero tolerance policies that require school staff to suspend or expel students for certain behaviors except if required by law. This means out-of-school suspensions cannot be a minimum or required consequence unless required by law.

f) If a student is suspended, the principal or his/her designee may choose to give the student a combination of out-of-school and skill-building in-school suspension days. The out-of-school suspension must be served first and the combined total of out-of-school and in-school suspension days must not exceed the limits available for each Group level.

g) School staff members must not use public disciplinary techniques and must respond to inappropriate student behavior as confidentially as possible.

h) No restrictions may be placed on food options or recess activities as a behavior consequence. Silent group lunches are expressly prohibited.

8) **Complete report** in the District student information system for all inappropriate behaviors under the SCC. Hand-deliver to the parents/guardians or mail a copy of the misconduct report to the student’s home address.

9) **Inform parents/guardians of their right to appeal** if they believe that the consequence is unwarranted or excessive.

a) The parents/guardians have the right to ask the principal to review the consequence assigned and to reconsider the decision.

b) If a student has received an out-of-school suspension or referred for an expulsion hearing, the parents/guardians may appeal by contacting the Department of Student Adjudication at 773/553-2249, studentadjudication@cps.edu, or the Network Chief of Schools (“Network Chief”) or his/her designee (contact information available at www.cps.edu/Networks). For District schools that do not have Network oversight, appeals may be made to the Office of Network Support or designee. The Network Chief or designee will review the appeal and determine:

- whether any factual errors were made in the principal’s investigation,
- whether the documentation of the student’s behavior aligns to the recorded SCC behavior category,
- whether prior interventions were attempted when appropriate,
- whether the length of the suspension was commensurate with the student’s inappropriate behavior, and
• in the case of a request for an expulsion hearing, whether the request was appropriate.

The Network Chief or designee’s decision shall be final. The term of a student’s suspension or request for an expulsion hearing is not halted by the parents/guardians’ appeal.

c) If a student has been expelled and referred to a Safe Schools Alternative Program, the parents/guardians may appeal the final determination in writing and send additional evidence not available at the time of the expulsion hearing to the Chief Education Officer or designee. The decision of the CEdO or designee regarding the appeal shall be final. The start of a student’s expulsion is not delayed by the parents/guardians’ appeal.

10) Restore the student’s participation in the school community.

a) If the student received an out-of-school suspension for three (3) or more days, the principal or designee must develop a plan to support the student’s transition back into the school community, including strategies for preventing future behavior incidents, restoring relationships, and addressing the student’s ongoing social, emotional, and academic needs, with input from the student and parents/guardians. For more information, see Guidelines for Effective Discipline.

b) When a student is set to return from an expulsion and has been attending the Safe Schools Alternative Program, school administrators must attend a transition meeting, which should include the student, parents/guardians, and alternative school staff members, to discuss the student’s return and prepare for a successful transition.

SUSPENSION GUIDELINES

Students in grades pre-kindergarten through second may NOT be assigned in-school or out-of-school suspensions. If a student in pre-kindergarten through second grade exhibits behavior that presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff, the Network Chief or designee may grant an exception and assign an emergency one-day in-school or out-of-school suspension after the student’s parent/guardian has been notified. During the suspension, the principal or designee must develop a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student’s ongoing social, emotional, and academic needs.

Skill-Building In-School Suspension

A skill-building in-school suspension is the removal of a student from his/her regular educational schedule for more than 60 minutes of the school day to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.
A student in grades third through twelfth may be assigned a skill-building in-school suspension if:

1) Skill-building in-school suspension is listed as an available consequence for the SCC behavior category, and

2) The student was informed of the his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and

3) A copy of the misconduct report (generated in the District student information system) was provided to the student’s parents/guardians.

**Out-of-School Suspension**

An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an inappropriate behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades third through twelfth may be assigned an out-of-school suspension if:

1) Out-of-school suspension is listed as an available consequence for the SCC behavior category, and

2) The principal or designee determines that the student’s attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in the District student information system, or

3) The principal or designee determines that the student’s behavior has caused chronic or extreme interruption to other students’ participation in school activities and prior interventions have been utilized and documented in the District student information system, and

4) The student was informed of his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and

5) A copy of the misconduct report (generated in the District student information system) was provided to the student’s parents/guardians.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school.

Out-of-school suspensions are excused absences. The principal must ensure that a student serving suspension is able to obtain homework, and upon the student’s return, provided with the opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension.

A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with Network
Chief approval. The student’s attendance will still be marked as suspended. The Network Chief must approve any other exception to the out-of-school suspension guidelines. If approved by the CEO’s designee, a student suspended for more than three (3) days may be required to attend a District-sponsored program during the term of suspension.

POLICE NOTIFICATION GUIDELINES

School administrators contact the Chicago Police Department (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of a criminal act.

When an allegation of harassment, bullying, assault, or abuse related to sex, sexual orientation, gender, or gender expression or inappropriate consensual sexual activity arises, the Office of Student Protections and Title IX can assist with assessing whether police notification is needed.

Emergency

School administrators have the responsibility to call 9-1-1 in situations they determine to be emergencies.

In an emergency situation, administrators must make reasonable efforts to notify parents/guardians immediately after contacting CPD.

Criminal Acts

When a student engages in illegal activity, it may be necessary for school staff to report the act to CPD. In this situation, school officials contact CPD to report violations of the law. School officials must not contact CPD merely to request removal of a disruptive student from the school in a non-emergency situation.

In a non-emergency situation, administrators must make reasonable efforts to contact parents/guardians prior to contacting CPD.

The inappropriate behaviors that are clear violations of criminal law are identified in the next section with an asterisk (*) before the specific inappropriate behavior. The inappropriate behaviors that may be violations of criminal law are identified in the next section with a double asterisk (**) before the specific inappropriate behavior.

School officials must assess the situation before determining whether or not to contact CPD to report a criminal act. School officials should consider factors including:

- Whether the student distributed or was in possession of illegal drugs, narcotics, controlled substances, or “look-alikes” of such substances. If so, CPD must be notified.
- Whether the student was in possession of a firearm. If so, CPD must be notified.
- The severity of the criminal violation and the degree of harm to the school community.

• Whether a person was physically injured as a result of the student’s conduct,
• Whether the student presents an imminent danger to the health, safety, or welfare of others, and
• The student’s age. For a student in fifth (5th) grade or below, school staff must consult with the Law Department (773/553-1700) prior to reporting the act to CPD.

Once school staff members contact CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority to decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. The school principal will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student’s behavior.

student behaviors covered by the SCC

This section identifies the specific inappropriate behaviors for which students will receive interventions and/or consequences. The behaviors are listed in six different groups, according to the degree of disruption to the learning environment.

- Group 1 lists behaviors that are inappropriate.
- Group 2 lists behaviors that disrupt.
- Group 3 lists behaviors that seriously disrupt.
- Group 4 lists behaviors that very seriously disrupt.
- Group 5 lists behaviors that most seriously disrupt.
- Group 6 lists behaviors that are illegal and most seriously disrupt.

SPECIAL NOTES:

Individual School Rules and Academic Progress

Individual schools may develop school rules that are consistent with this SCC and may address inappropriate student behaviors not specifically included in this SCC. However, poor academic achievement is not an inappropriate behavior. The SCC and school rules may not be used to discipline students for poor academic progress or failure to complete in-class and homework assignments. Instead, struggling students should be considered for academic or behavioral interventions to help them improve. Also, students must not be disciplined for the parents/guardians’ refusal to consent to the administration of medication.

Cellular Phones and Other Information Technology Devices

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. A principal may also prohibit cellular phones and other information technology devices but allow individual

---

3 These include, but are not limited to: computers, cellular phones used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.
students to possess them for any good cause after considering a written request from a parent/guardian. If a principal denies a parent/guardian’s request, the parent may appeal to the Network Chief or his/her designee. Unless approved by the principal, cellular phones and other information technology devices are not allowed at school.

**School Dress Codes and Uniform Policies**

Local School Councils may adopt a dress code policy that forbids students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral. Students who fail to follow a school’s dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending class. A student may receive additional consequences for violating a school’s dress code or uniform policy if the student’s dress disrupts or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation. This paragraph does not apply to students enrolled in Military Academies or JROTC Programs.

**Military and JROTC Programs**

Board-designated military academies and other JROTC programs may enforce standards of conduct and intervention or consequences that are consistent with the military nature of those schools and programs, in addition to the standards of conduct and intervention or consequences described in this SCC. Students enrolled in a military academy who repeatedly engage in acts of gross misconduct or insubordination (student act that defies a lawful and appropriate direct order of a superior ranked officer, staff member or another student), or who repeatedly fail or refuse to wear the required military uniform, may be subject to administrative transfer by the military academy principal to another school (or in the case of a JROTC program, dismissal from the program). Prior to an administrative transfer, a conference must be held with the parents/guardians, student, military academy principal, and a designee of the Chief Executive Officer. Students who have been transferred for administrative reasons from any military academy must be accepted by their attendance area school. Students who have been given an administrative transfer to another Chicago public school or expelled from the Chicago Public Schools lose all rank and privileges at the JROTC military academies and must reapply to the JROTC program and the military academies for enrollment. Upon their child’s enrollment at a military academy, parents/guardians shall be informed of the uniform policy, expectations of the military academy, and the administrative transfer policy, and shall indicate by signature their agreement to adhere to the terms of these policies.
Dating Violence Statement

Any school employee who is notified by a parent, guardian or student, or who reasonably suspects, that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence includes violent and controlling behavior that an individual uses against a girlfriend or boyfriend, such as physical, emotional, or sexual abuse, yelling, threats, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy, possessiveness, and stalking. These allegations or suspicions should be reported to the Office of Student Protections and Title IX immediately. The principal shall ensure that the student victim of dating violence receives appropriate support services in accordance with the Board’s Policy on Domestic Violence, Dating Violence and Court Orders of Protection, Restraint or No Contact (http://policy.cps.edu/download.aspx?ID=43).

SCC and Other Laws, Policies, Rules, and Contracts

The inappropriate behaviors and range of possible consequences and interventions listed in this policy are consistent with the Illinois School Code, Board Rules and Policies, negotiated agreements, and all other applicable state and federal laws.

The SCC applies to CPS contract and performance schools.

CPS charter schools are exempt from local school board policies under Illinois law (105 ILCS 5/27A). Charter schools may choose to adopt the SCC or establish their own discipline policies. Charter schools are not exempt from federal and most state laws, the Individuals with Disabilities Education Act (IDEA) or from federal and state regulations as they pertain to discipline of students with disabilities/impairments. If a charter school establishes its own discipline policy, it must incorporate language from and comply with the guidelines for suspension and expulsion of students with disabilities/impairments outlined in this policy. Charter schools must also comply with policies and procedures established by the Office of Diverse Learner Supports and Services for the discipline of students with disabilities. Students expelled from charter schools should contact the Department of Student Adjudication at 773/553-2249 for assistance.

Corporal punishment is expressly prohibited. Chicago Board of Education Rule 6-21 states: “No employee of the Board of Education may inflict corporal punishment of any kind upon persons attending the public schools of the City of Chicago.”

A gang is any ongoing organization or group of three or more persons having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity. Gang activity means any act (e.g., recruitment, intimidation, tagging or marking, assault, battery, theft, trespassing, or extortion) performed by a gang member or on behalf of a gang, and intended to further a common criminal objective. An overt display of gang affiliation means any act (e.g., wearing clothing or paraphernalia, displaying gang signs, symbols, and signals) that signifies or exhibits affiliation with a gang. 21 Behaviors marked with a single asterisk indicate that the misconduct is a violation of the law.

The term “firearm/destructive device” as defined in 18 U.S.C. Section 921 includes, but is not limited to, handguns, rifles, automatic weapons, bombs, or other incendiary devices and parts thereof.

22 Weapons include any object that is commonly used to inflict bodily harm, and/or an object that is used or intended to be used in a manner that may inflict bodily harm, even though its normal use is not as a weapon.

23 A network is considered inoperable when it is unable to perform at the level of functionality intended by its maintainers.

24 “Look-alike” means any substance which by appearance, representation, or manner of distribution would lead a reasonable person to believe that the substance is an illegal drug or other controlled substance.

25 Contraband means any instrument used to commit a crime or violation, and any other item, when possessing that item violates any applicable law, City ordinance, rule or policy of the Board or any individual school.

26 It may be assumed that a student in possession of large quantities of alcohol, illegal drugs, narcotics, or controlled substances, or in possession of multiple individually-packaged amounts of alcohol, illegal drugs, narcotics or controlled substances, intends to sell or deliver these substances. Consider referring students who violate behavior 6-6 for substance abuse prevention program or counseling.

27 Behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression must be reported to the Office of Student Protections and Title IX.

28 Principals have discretion to suspend a student for fewer than five days if the student has a disability/impairment, based on the student’s age/grade level, or for other good cause as determined by the principal or designee.
Purpose

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological, and emotional harm to students and interferes with their ability to learn and participate in school activities. Bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and violence. It is the goal of the Chicago Board of Education (“Board”) to create a learning environment in all its school communities where all students feel safe and supported, are protected from bullying, and are able to succeed academically and develop socially and emotionally into responsible, caring individuals.

The Board asks every Chicago Public School (“CPS”) student, with the support of his/her parent(s), guardian(s) and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

• I will not bully others.
• I will try to help anyone I suspect is being bullied.
• I will work to include students who are left out.
• If someone is being bullied, I will tell an adult at school and an adult at home.

Scope

Bullying is contrary to Illinois law and this Policy is consistent with the Illinois School Code. This Policy protects CPS students against bullying and harassment on the basis of actual or perceived race, color, religion, sex, national origin or immigration status, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic. The Board recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or are perceived to be lesbian, gay, bisexual or transgender. Nothing in this Policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article I of the Illinois Constitution.
This Policy is based on the engagement of a range of school stakeholders, including students and parents/guardians. The Board or its designee will re-evaluate this Policy every two (2) years based on an assessment of its outcomes and effectiveness, including, but not limited to, factors such as the frequency of victimization; student, staff and family observations of safety at school; identification of areas of a school where bullying occurs; the types of bullying utilized; and bystander intervention or participation. The information developed will be made available on the District’s website.

Bullying and harassment are prohibited:

1) during any school-sponsored or school-sanctioned program or activity;

2) in school, on school property, on school buses or other Board-provided transportation, and at designated locations for students to wait for buses and other Board-provided transportation (“bus stops”);

3) through the transmission of information from a CPS computer or computer network, or other electronic school equipment;

4) when communicated through any electronic technology or personal electronic device while on school property, on school buses or other Board-provided transportation, at bus stops, and at school-sponsored or school-sanctioned events or activities;

5) when it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on Board-provided transportation;

6) when it is a Student Code of Conduct (“SCC”) Group 5 or 6 behavior that occurs off campus but most seriously disrupts any student’s education.

Definitions

“Bullying” means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students, and meets all of the following criteria:

1) An observed or perceived imbalance of power exists between the person(s) engaging in the bullying behavior(s) and the targeted student(s); and/or student(s) were targeted based on prejudice or bias (as defined below).

2) The behaviors are severe or pervasive (repeated over time), or there is a high likelihood that behaviors will be repeated. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the severity and if other elements of bullying are present.
3) The intent of the person(s) engaging in the behavior is to cause physical or emotional harm to the targeted student(s).

4) The behavior has or can be reasonably predicted to have one or more of the following effects:

   a) placing the student in reasonable fear of harm to the student’s person or property;
   b) causing a substantially detrimental effect on the student’s physical or mental health;
   c) substantially interfering with the student’s academic performance; or
   d) substantially interfering with the student’s ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

“Cyberbullying” means using information and communication technologies to bully. This definition includes cyberbullying by means of technology that is not owned, leased, or used by the school district when an administrator or teacher receives a report that bullying through this means has occurred. This Policy does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

“Retaliation” means any form of intimidation, reprisal including but not limited to the submission of knowingly false bullying allegations, or harassment directed against a student who reports bullying, provides information during an investigation, or witnesses or has reliable information about bullying. Retaliation is prohibited and will result in the imposition of appropriate interventions/consequences according to this Policy and the SCC.

“Peer Conflict” means disagreements and oppositional interactions that are situational, immediate and developmentally appropriate. Conflicts arise when two or more students with relatively similar observed or perceived power have differences in opinion or perspectives. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in social competency, learning personal boundaries and peaceably resolving conflict, and to model appropriate social interactions.

“Prejudice or bias” means motivation for bullying or harassment based in part or in whole by actual or perceived race, color, religion, sex, national origin or immigration status, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic.
“Restorative Measures” means a continuum of school-based alternatives to exclusionary discipline that are adapted to the particular needs of the school and community, contribute to maintaining school safety, protect the integrity of a positive and productive learning climate, teach students the personal and interpersonal skills they will need to be successful in school and society, serve to build and restore relationships among students, families, schools, and communities, and reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs.

Preventing Bullying

All CPS principals and staff shall work to develop safe, supportive school environments that prevent bullying through:

- Developing supportive school climate strategies, including clear expectations and share agreements to guide interactions between students, and between staff and students.

- Teaching all students social and emotional skills and establish classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.

- Establish predictable responses and effective disciplinary practices that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.

Intervening to Address Bullying

A. Responsibilities of CPS Employees and Contractors

All CPS employees and contractors, including security officers, lunchroom staff and bus drivers, who witness incidents of bullying or school violence or who possess reliable information that would lead a reasonable person to suspect that a person is a target of bullying, must:

1) intervene immediately in a manner that is appropriate to the context and ensures the safety of all people involved;

2) report the incident of bullying or retaliation to the Principal/Designee as soon as practicable, but within 24 hours, on the CPS Bullying Complaint Form (Attachment A); and

3) cooperate fully in any investigation of the incident and in implementing any safety plan established by the Principal/Designee.
B. Responsibilities of Students, Parents and Guardians

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal/Designee as quickly as practicable. Reports can be made to any CPS employee or contractor in person, by completing Attachment A and submitting it to the Principal/Designee, by calling the CPS Parent Support Center at (773) 553-3772, or by emailing BullyingReport@cps.edu. Anonymous reports will be accepted by the Principal/Designee. No disciplinary action will be taken on the sole basis of an anonymous report.

C. Steps for Investigating Bullying Reports

1) **Ensure safety.** The Principal or his/her designee will provide immediate support to any targeted student(s) to ensure safety. If there are overt or implied risks of safety, follow the steps in the CPS Crisis Manual, including immediately notifying the CPS Student Safety Center and the school’s Network office. Alleged behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression should be reported immediately to the Office of Student Protections and Title IX for assistance and support.

2) **Notify parents/guardians of all involved students.** Within one school day of receipt of a bullying report, the Principal/Designee shall report to the parent/legal guardian of all involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the District student information system.

   a) Notifications should be made privately to students directly involved and their parent/legal guardians.

   b) Additionally, when incidents have a larger impact on the school community, the Principal/Designee shall provide clear communication to students, staff and parents to re-inforce school-wide expectations and a climate of respect and inclusion.

3) **Document all allegations of bullying.** Within two school days of receiving a report of bullying, the Principal/Designee will document the allegation in the District student information system as a general incident report and document all notifications made.

4) **Conduct an investigation.** The Principal and/or a designee, who is knowledgeable about bullying prevention and intervention, shall perform the investigation. For guidance, contact the Law Department at (773)553-1700.

   Investigation of reported bullying shall be initiated within 5 school days of receipt of a report, documented within the incident report in the District
student information system, and completed within 10 school days, unless the Principal grants in writing an additional 5-day extension due to extenuating circumstances. The Principal/Designee shall document the extension in the investigation report and shall notify the parties involved.

The investigation shall include:

a) Identifying all involved parties, including the student(s) alleged to have engaged in the bullying behaviors, alleged target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.

b) Conducting an individual interview in a private setting with all involved parties. The alleged target should never be interviewed in public or with the student(s) alleged to have engaged in bullying.

c) Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and the impact of the behaviors on the targeted student’s education.

d) Assessing the individual and school-wide effects of the incident relating to safety.

5) Make a determination whether allegations of bullying are substantiated or not and document determination. The Principal/Designee shall consider whether the four elements of the bullying definition are met, or if all four elements of bullying are not present, whether the behavior qualifies as another inappropriate behavior listed in the SCC. When the investigation is complete, the Principal/Designee shall ensure the investigation and findings (whether the report of bullying is substantiated or not substantiated) are documented in the District student information system. If the investigation determines a student engaged in bullying behaviors and/or other inappropriate behaviors listed in the SCC, the Principal/Designee shall prepare a Misconduct Report.

(6) Notify all involved parties of the outcome of the investigation. Within one day of making a determination, the Principal/Designee shall notify, in writing, the parents/legal guardians of all students involved of the outcome of the investigation. Parents/legal guardians of the students who are parties to the investigation may request a personal conference with the Principal/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying.

When communicating incidents of bullying to the targeted student’s parent/guardian, the Principal/Designee should consider whether the student may want to keep certain information confidential. For example, if a student is bullied after coming out as gay, the Principal/Designee shall not disclose the student’s sexual orientation to the parent/guardian without the student’s permission, unless there is a legitimate, school-related reason for doing so.
If the investigation determines a student engaged in bullying behaviors, the Principal/Designee shall provide the Misconduct Report to the parent/legal guardians of the student who engaged in the behaviors. The Principal/Designee may advise the parent/legal guardian of other involved students that the Student Code of Conduct was followed. S/he may not advise them of specific consequences imposed, as that would violate the confidentiality of school-record information required by law.

D. Determining an Appropriate Response

The goal of the response is to ensure the targeted student feels safe and welcome, and the student engaging in bullying behaviors understands the harm s/he caused and changes his/her behavior. For guidance in determining an appropriate response, contact the Office of Social & Emotional Learning at (773) 553-1830, or see cps.edu/SEL.

1) **Identify school risk factors and ensure a universal strategy for school climate improvement and social and emotional development.** Assess and address any issues in supervision, expectations, relationship-building, and emotional learning.

2) **Support the targeted student.** Assign school staff to create and implement a plan that will restore a sense of safety for the targeted student and other students who have been impacted. Determine any other interventions that may be appropriate.

If the targeted student has a disability, the school shall convene the IEP Team to determine whether additional or different special education or related services are needed to address the student’s individual needs and revise the IEP accordingly. For example, if the student’s disability affects social skill development or makes the student vulnerable to bullying, the Principal/Designee shall ask the student’s IEP Team to consider whether the IEP should include provisions to reduce vulnerability to bullying.

3) **Determine interventions and/or consequences that address the root cause of the students’ bullying behaviors.** Consider the nature of the behavior, the developmental age of the student, and the student’s history of problem behaviors and performance. Follow the Student Code of Conduct and the Guidelines for Effective Discipline, and identify opportunities to teach, build empathy, and repair harm. While suspensions may be necessary in some cases to ensure the safety of the targeted student, keep in mind that suspending or expelling students who bully does not reduce bullying behavior.

If the student who engaged in bullying behavior is a student with a disability, the school shall convene the IEP Team to determine if additional supports and services are needed to address the inappropriate behavior and develop the student’s social and emotional skills. The team may also consider examining the environment in which the bullying occurred to determine if
changes to the environment are warranted. For example, the IEP Team should consider a behavior intervention plan for the student or review a current behavior intervention plan and revise if necessary. The Principal/Designee shall comply with the Procedural Safeguards for Discipline of Students with Disabilities/Impairments when considering interventions and consequences for students with disabilities.

Contact the Office of Social & Emotional Learning for school-wide climate and skill-building practices that prevent bullying, and the CPS Law Department for more information about the appropriate and legal consequences for student misconduct.

4) **For incidents that impact the larger school community, provide opportunities in safe, structured environments for affected students, staff, and/or parents to speak about the incident, its impact, and what is needed to repair the harm.**

E. What Not To Do

- Solicit an apology from the student who engaged in bullying to the targeted student or mandate a public apology, use peace circles, victim/offender conferences, or any form of mediation that puts the student who engaged in bullying in contact with the targeted student in an immediate attempt to resolve the bullying. Restorative measures may be helpful to repair relationships between the student who engaged in bullying and targeted student, but only if used after other interventions have balanced the power differential between the perpetrator and target.

- Dismiss bullying as typical student behavior or assume it is not serious.

**Appeal**

Any party who is not satisfied with the outcome of the investigation may appeal to the CPS Equal Opportunity Compliance Office, or EOCO (telephone: 773/553-1013), within 15 calendar days of notification of the Principal’s decision. The EOCO Administrator shall render a final determination in accordance with the timeline and procedures set out in the anti-bullying appeal guidelines established by the EOCO. The EOCO may return the incident to the Network Chief, Principal or their designees for further investigation or reconsideration of the consequence(s), direct the imposition of other consequence(s), or deny the appeal. The EOCO shall notify the party requesting the appeal and the Principal that its decision is final and shall document that notification in the Incident Report in the District student information system.
Consequences for CPS Employees and Contractors

When it is determined that an employee or contractor was aware that bullying was taking place but failed to report it, the employee/contractor will be considered to have violated this Policy. The Principal shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Board contracts.

Notice and Dissemination of Requirements

Principals shall follow the requirements established by the Office of Social & Emotional Learning for posting this Anti-Bullying Policy on the school’s website, in the school building as well as disseminating and presenting this Policy to school staff as part of pre-school-year professional development.

Training and Professional Development

Staff

Professional development will be offered to build the skills of all CPS employees, contractors and volunteers to implement this Policy. The content of such professional development shall include, but not be limited to:

1) Developmentally appropriate strategies to prevent incidents of bullying and to intervene immediately and effectively to stop them;

2) Information about the complex interaction and power differential that can take place between and among a perpetrator, target, and witness to the bullying;

3) Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk, and any specific interventions that may be particularly effective for addressing bias-based bullying; and

4) Information about Internet safety issues as they relate to cyberbullying.

Student Internet Safety Education

In accordance with the Board’s Internet Safety Policy (http://policy.cps.edu/download.aspx?ID=261), each school shall incorporate into the school curriculum a component on Internet safety to be taught at least once each school year to all students. The Chief Officer of Teaching and Learning or designee, shall determine the scope and duration of this unit of instruction and topics covered. At a minimum, the unit of instruction shall address: (a) safety on the Internet; (b) appropriate behavior while online, on social networking Web sites, and in chat rooms; and (c) cyberbullying awareness and response. The age-appropriate unit of instruction may be incorporated into the current
courses of study regularly taught. Schools shall satisfy the documentation requirements established by the Chief Officer of Teaching and Learning or designee to ensure compliance with this curricular requirement.

PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with non-disabled peers to the same extent as specified in the IEPs, in-school suspensions and lunch detentions do not count toward the 10-day limit. Administrators are not required to suspend students with disabilities for the recommended periods set forth in this Code for a single incident. Specifically, the Principal or his/her designee has discretion to suspend students with disabilities fewer days than set forth for a single incident. Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Department of Procedural Safeguards and Parental Supports (773/553-1905) is absolutely necessary. Without such consultation and approval from the Department of Procedural Safeguards and Parental Supports, the 10 school day limit on out of school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, including referrals requesting emergency assignment pursuant to the CPS SCC, the following apply:

1) School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing. School must also provide parent/guardian/surrogate with a written copy of the Notice of Procedural Safeguards.

All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with §504 plans.
2) The IEP team must:

A. Determine whether the misconduct is related to the student’s disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student’s IEP. The behavior is a manifestation of the student’s disability if:

1) the conduct in question was caused by the student’s disability or has a direct and substantial relationship to the student’s disability; and/or

2) the conduct in question was the direct result of the school’s failure to implement the student’s IEP.

B. Review, and revise if necessary, the student’s existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined.

If the student’s behavior is not a manifestation of the disability, school officials may apply the SCC, taking into consideration the student’s special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services.

If the student’s behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.

EXPULSION HEARING AND EMERGENCY ASSIGNMENT GUIDELINES

Request for Expulsion Hearing

• Expulsion is the removal of a student from school for 11 or more consecutive days, up to a maximum of two calendar years.\(^42\)

• If a student’s inappropriate behavior falls within Group 5 of the SCC, a school principal may request an expulsion hearing for the student. A school principal may also request assignment to an intervention program.

• If a student’s inappropriate behavior falls within Group 6 of the SCC, the incident will be automatically referred for Student Adjudication review for a student in 6th through 12th grade or for any student violating section 6-1; a school principal may request an expulsion hearing for a student committing any other Group 6 behavior.

• The CEO’s designee will review the expulsion hearing request and determine whether to refer the student to the Law Department for an expulsion hearing, assign the student to an intervention program, or refer the student back to the school for intervention/support.

Emergency Assignment to Interim Alternative Education Setting

• Students who commit Groups 5 or 6 misconducts may be assigned to an interim alternative education setting on an emergency basis (“emergency assignment”) while a request for an expulsion hearing is pending without being given the opportunity for a hearing before an independent hearing officer.

• Requests for emergency assignment must be approved, facilitated, and implemented by the CEO’s designee. The CEO’s designee may request additional information when considering requests for emergency assignment.

• General education students may be placed in an interim alternative education setting if their presence at the home school poses a continuing danger to people or property, or an ongoing threat of disruption to the academic process. The student will be assigned to the Safe Schools Alternative Program until the expulsion final determination is issued.

• Students with disabilities may be placed in an interim alternative educational setting for a maximum of 45 school days, even in instances where the student’s misconduct is ultimately determined to be a manifestation of his or her disability. Students with disabilities may be referred for emergency assignment when in possession of weapons or drugs, or for inflicting serious harm to another person and/or property.

\(^42\) This definition does not apply to exclusion of a student from school for failure to comply with immunization requirements or temporary emergency placement.
bodily injury on another person while on school grounds or at a school-sponsored event. The parent or legal guardian may request a due process hearing to challenge the emergency assignment.

**Expulsion Hearing Procedures**

- The Law Department will schedule expulsion hearings and send parents/guardians a notice letter. The notice will provide a description of the incident, the date of the incident, the SCC inappropriate behavior code(s), and the place, time and date for the expulsion hearing. The notice will be sent by registered or certified mail, or by personal delivery.

- Before the hearing, school principals are responsible for assisting the Law Department with case preparation by identifying witnesses and relevant documents, and reviewing all documentation regarding the incident to ensure it is complete, accurate, and properly written.

- The hearing will be conducted before an independent hearing officer. The Chief Executive Officer’s representatives will call witnesses to testify and introduce documents regarding the incident. The student may also call witnesses to testify and introduce documents regarding the incident.

**Expulsion Final Determination**

- After the hearing, the hearing officer will make a recommendation for intervention or discipline, up to expulsion for a set term of two calendar years.

- The hearing officer’s recommendation may be modified on a case-by-case basis by the Chief Executive Officer or designee.

- If a student is expelled, alternative program placement may be offered for the period of the expulsion.

- The hearing officer may recommend that the student attend an intervention program in lieu of expulsion. A recommendation to intervention is subject to approval by the Chief Executive Officer or designee. A student who is recommended for participation in the intervention program in lieu of expulsion but who fails to successfully complete the program shall be expelled.

- During a term of expulsion, students may not participate in extracurricular activities or school-sponsored events, with the exception of activities or events sponsored by the student’s alternative program.

**Transition when Expulsion Complete**

- When a term of expulsion is completed, the student will be transferred to his/her home school.
For students attending the Safe Schools Alternative Program, a transition meeting, including the student, parents/guardians, alternative school staff members, and home school staff members, will be scheduled to discuss the student’s transition back into the home school environment.
notice to parents and students regarding board policies
NOTICE TO PARENTS AND STUDENTS REGARDING BOARD POLICIES

Discrimination, Sexual Harassment, Retaliation Statement

Any student, or a parent/guardian on the student’s behalf, who believes they have been subjected to discrimination, harassment or retaliation based upon race, color, national origin, religion or disability, should notify the Principal, Assistant Principal or the Board’s Equal Opportunity Compliance Office (“EOCO”), 42 W. Madison, 3rd Floor, Chicago, IL 60602, telephone: 773/553-1013. If after making a report, a student, parent or guardian is not satisfied with the action taken or decision made by the Principal or Assistant Principal, they may appeal to the EOCO.

Any student, or a parent/guardian on the student’s behalf, who believes they have been subjected to discrimination, harassment, or retaliation based upon sex, gender identity/expression, or sexual orientation, should notify the Office of Student Protections and Title IX. Contact information for the Office of Student Protections and Title IX can be found at www.cps.edu.

Pregnant Students Statement

Any pregnant student, or a parent/guardian of a pregnant student, who believes she has been subjected to discrimination or harassment based on her pregnant status or parental status, should notify the Principal, Assistant Principal, or the Board’s EOCO, 42 W. Madison, 3rd Floor, Chicago, IL 60602, telephone: 773/553-1013. Such complaints may include being excluded from any part of a school’s educational program, including extracurricular activities.

Student Records

Under the Federal Family Educational Rights and Privacy Act (“FERPA”) and the Illinois School Student Records Act (“ISSRA”), students and their parents have certain rights with respect to the student’s educational records. These rights transfer solely to the student who has reached the age of 18, graduated from secondary school, married or entered into military service, whichever comes first.

Notice of Student Record Retention and Disposal

The law requires the Board of Education of the City of Chicago (the “Board”) to maintain educational records, which includes both “permanent records” and “temporary records.” A student’s permanent record contains the student’s name, place and date of birth, address, transcript, parent(s) name(s) and address(es), attendance records, and other information mandated by the Illinois State Board of Education. The student’s temporary records include all school-related student information not contained in the permanent record. Student records may include both paper and electronic records.
According to Board policy, the retention periods for student records are as follows:

<table>
<thead>
<tr>
<th>Student Grade Level</th>
<th>Record Category</th>
<th>Minimum Record Retention Period</th>
<th>Destruction Authorized When</th>
</tr>
</thead>
<tbody>
<tr>
<td>Elementary and High School</td>
<td>Permanent Student Records</td>
<td>82 years after the student’s date of birth</td>
<td>Student Age – 83</td>
</tr>
<tr>
<td>Elementary and High School</td>
<td>Temporary Special Education Records</td>
<td>27 years after the student’s date of birth</td>
<td>Student Age – 28</td>
</tr>
<tr>
<td>High School</td>
<td>Temporary Student Records</td>
<td>27 years after the student’s date of birth</td>
<td>Student Age – 28</td>
</tr>
<tr>
<td>Elementary</td>
<td>Temporary Student Records</td>
<td>20 years after the student’s date of birth</td>
<td>Student Age – 21</td>
</tr>
</tbody>
</table>

The Board will follow the above retention schedule and will destroy these student records in the natural course of business when the records are eligible for disposal. Notice of the record disposal schedule is provided through annual newspaper publication. To review student records after the student has transferred, graduated or withdrawn from school, parents and students may contact the student’s former school or Former Student Records (773-535-4110). For additional information, refer to the Board’s Policy on Student Records Retention at [http://policy.cps.edu/download.aspx?ID=84](http://policy.cps.edu/download.aspx?ID=84).

**Right to Review and Challenge Student Records**

Parents and students, whether emancipated or not, have the right to inspect and copy all of the student’s educational records maintained by the school or the Board unless the parent is prohibited by an order of protection from obtaining those records within 10 business days after the day the school receives a request for access. Parents of eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

When a student is transferring to a school outside the Chicago Public Schools district, parents have the right to inspect and copy and to challenge their children’s temporary and permanent student records prior to the time records are transferred to the out-of-district school.

Schools may not charge to search for or retrieve information, though schools may charge a reasonable fee to copy records. No parent or student shall be denied a copy of the student records due to their inability to pay.
Parents have the right to request that a school corrects recorded information (with the exception of academic grades) that they believe is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA and ISSRA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a formal hearing by submitting a written request to the Board. Parents should contact the Office of Diverse Learner Supports and Services, Chicago Public Schools, 42 West Madison Street, 3rd Floor, Chicago, IL 60602, for a formal hearing. After the hearing, if the Board decides not to amend the record, the parent has the right to place a statement with the records commenting on the contested information in the record. The parent may appeal the Board’s decision by contacting the Illinois State Board of Education (ISBE), Division Supervisor for the Division of Accountability, 100 W. Randolph St., Suite 14-300, Chicago, IL 60601. For more information on how to review and/or challenge a student’s record, review the Board’s policy on “Parent and Student Rights of Access to and Confidentiality of Student Records” (http://policy.cps.edu/download.aspx?ID=122).

**Release of Student Records**

Parents and eligible students have the right to provide written consent before the school discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. Generally, schools may not release student records information without written permission from the parent. However, the law allows the disclosure of records, without consent, to select parties, including:

- School district employees or officials who have legitimate educational interest in the student;

- Officials, upon request, of another school district or institutions of post-secondary education in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer;

- Certain government officials as required by State or Federal law;

---

1 A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. School officials can include contractors, consultants, volunteers or other parties under the Board’s direct control with whom the Board has agreed to outsource certain institutional services or functions, and who have a legitimate educational interest in the specific education records disclosed. The Board’s agreement with these contractors, consultants, volunteers or other parties will specifically outline the legitimate educational interest and which educational records are disclosed.

2 A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
• Persons conducting studies, pursuant to a written agreement with the Board;
• Individuals who have obtained a court order regarding the records, provided the parents are notified;
• Persons who need the information in light of a health or safety emergency; and
• State and local authorities in the juvenile justice system.

A school may also disclose, without consent, certain “Directory Information” such as a student’s name, address, telephone number, date and place of birth, and awards and dates of attendance, provided that prior to the release of the Directory Information the parents are given the opportunity to opt out of the release of this information, in which case the information will not be released.

Please note that no person may condition the granting or withholding of any right, privilege or benefit or make as a condition of employment, credit or insurance the securing by any individual of any information from a student’s temporary record that the individual may obtain through the exercise of any right secured under ISSRA.

**Release of Directory Information**

The Chicago Public Schools may disclose directory information about students to specific parties who have an educational interest, through written requests. Specific parties who may request this information include, but are not limited to, external organizations delivering services to students such as Boys and Girls Clubs, YMCA, PTA, City sister agencies, and providers of programming that enriches a student’s academic and/or social and emotional learning.

If a parent or student does not wish to have the student’s directory information released, they must submit a written request to the school main office. The request to opt out must include the student’s name, ID number and school. For convenience, the Board has developed an opt-out form which is available at all Chicago Public Schools. **Parents and students must submit their opt-out request by October 1st if they wish to opt out of releasing directory information.** For more information on opting out of the release of directory information, please review the Board’s “Parent and Student Rights of Access to and Confidentiality of Student Records Policy” ([http://policy.cps.edu/download.aspx?ID=122](http://policy.cps.edu/download.aspx?ID=122)).

**Release of Records to Recruiters and Institutions of Higher Learning**

The No Child Left Behind Act (“NCLB”) and the Illinois School Code require school districts to provide the names, addresses and telephone numbers of all 11th and 12th grade students to military recruiters or institutions of higher learning upon their request. Parents and students, regardless of whether the
student is emancipated or not, may request that their contact information not be disclosed as described below.

If a parent or student does not wish to have the student’s contact information released to military recruiters or institutions of higher education, they must submit a written request to the school main office. The request to opt out must include the student’s name, ID number and school. For convenience, the Board has developed an opt-out form which is available at all Chicago Public Schools high schools. **Parents and students must submit their opt-out request by December 1st if they wish to opt out of releasing student records to recruiters and/or institutions of higher learning.** For more information on opting out of the release of contact information to recruiters, please review the Board’s “Recruiter Access” Policy ([http://policy.cps.edu/download.aspx?ID=151](http://policy.cps.edu/download.aspx?ID=151)) and the Board’s “Parent and Student Rights of Access to and Confidentiality of Student Records Policy” ([http://policy.cps.edu/download.aspx?ID=122](http://policy.cps.edu/download.aspx?ID=122)).

**Release of Records for FAFSA Completion Project and National Student Clearinghouse**

The Board releases student Directory Information on all 12th grade students to:

1) The Illinois Student Assistance Commission (ISAC) to assist students with college financing opportunities by completing the Free Application for Federal Student Aid (FAFSA) and to determine eligibility for ISAC-related scholarships. The FAFSA is required for students to receive many forms of college financial aid; ISAC and CPS collaborate to support family FAFSA completion; and

2) The National Student Clearinghouse, an organization which provides data to CPS on students’ postsecondary enrollment and retention. The National Student Clearinghouse helps CPS to understand and improve the college readiness and success of CPS graduates.

The Directory Information to be released is: the student’s name, date of birth and high school name. If a parent or student does not wish to have the student’s Directory Information released to ISAC for the FAFSA Completion Project and scholarships or the National Student Clearinghouse for the above mentioned purposes, they must submit a written request to the attention of the Office of School Counseling and Postsecondary Advising, Chicago Public Schools, 42 West Madison Street, 3rd Floor, Chicago, IL 60602, 773/553-2108. The request to opt out must include the student’s name, ID number and school. For convenience, the Board has developed an opt-out form which is available at all Chicago Public Schools high schools. **Parents and students must submit their opt out request to the Office of School Counseling and**
Postsecondary Advising by October 1st if they wish to opt out of releasing student Directory Information for the FAFSA Completion Project and/or the National Student Clearinghouse.

A written request must be made by a licensed physician and submitted on the CPS medication request form. The parent/guardian must submit a signed Parent’s Authorization to Release Medical Information form. Medication will not be administered unless these forms are properly completed and received. This policy addresses administration of both prescription drugs and non-prescription (over the counter) drugs. Students shall not bring medication to school without authorization.
Consent to Bill Medicaid Notice

CPS provides health evaluations and related health services to students at no cost to parents. CPS is able to receive federal Medicaid reimbursement to offset the costs of providing some health services. In order to receive the payments, a parent/guardian must consent to allow CPS to share his/her child’s health information with the State of Illinois for billing purposes. The State must keep each student’s information confidential and may only use it for the purpose of determining payments to CPS. When an IEP is finalized, CPS asks parents/guardians if they consent to allow CPS to seek Medicaid reimbursement for eligible health services – at no cost to the family. Whether or not CPS is reimbursed has no impact on the family’s insurance or benefits programs. Further, students will continue to receive the health services described in their IEPs regardless of whether their parents/guardians provide consent to bill Medicaid. The parents/guardians’ consent is only required once while the child continues to receive IEP services, including health services. This Notice is to inform the parents/guardians that CPS will continue to follow their decision regarding consent to bill Medicaid until the parents/guardians notify CPS of a change.

Title IX

Title IX of the Educational Amendments of 1972 prohibits discrimination on the basis of sex in schools. Beginning Fall 2018, the Office of Student Protections and Title IX will ensure compliance of Title IX relating to students affected by sexual assault, sexual harassment, and sexual bullying. The Office of Student Protections and Title IX builds on the District’s commitment to better prevent and address sexual abuse. Contact information for the Office of Student Protections and Title IX can be found at www.cps.edu.

Title IX also governs the overall equity of treatment and opportunity in athletics programs in schools. The Chicago Public Schools (CPS) is committed to providing opportunities for female and male students that effectively accommodate the athletic interests and abilities of both sexes consistent with the requirements of Title IX, its implementing regulations and applicable United States Department of Education Office of Civil Rights policies.

It is the policy of the Board of Education of the City of Chicago not to discriminate on the basis of race, color, creed, religion, national origin, sexual orientation, age, disability or sex. Any student or other interested party, such as a coach or parent, may inquire about the possibility of adding a new sport, or adding a new level (e.g. varsity, junior varsity, sophomore, freshman) to an existing sport at a CPS high school. Inquiries concerning the application of Title IX, and the regulations promulgated thereunder regarding sports/athletics should be referred to the Title IX Sports Compliance Coordinator, Aneita Williams at (773) 534-0723 or amwilliams65@cps.edu.
