Overview

The maximum number of points that a student can earn for the Service Leadership Academies points-based system is 500. These points are earned as described below.

Seventh grade NWEA MAP assessment

We use national percentile rankings from the reading and math sections of the NWEA MAP assessment. Reading and math together yield a maximum of 150 points.

Seventh grade final grades

Points are calculated for reading, mathematics, science and social studies. Each ‘A’ grade is worth 25 points, each ‘B’ is worth 20 points, each ‘C’ is worth 15 points, each. No points are awarded for “D” and ‘F’ grades. The maximum points for final grades is 150. (For example, a student with four As will get the maximum of 100 points, while two As and two Bs are worth 90 points. Use the table above to determine your point totals.)

Information Session (Assessment and Essay)

All eligible students are required to attend an Information Session, where they will complete a two-part assessment and an essay. The two parts of the assessment are worth a maximum of 50 points each, and the essay is worth a maximum of 100 points.
