## Introduction and Overview

Thank you for dedicating your time, effort, and expertise to help review proposals for new charter and contract schools submitted in response to the annual New Schools Request for Proposals (RFP). Through your participation as a member of the Comprehensive Evaluation Team (CET) assigned to review this proposal, you will play an integral role in helping to determine final recommendations for new school proposals. The applicants that meet the standards identified in the RFP and demonstrate the capacity to open and manage a high-quality school that will prepare students for success in college, career, and life can be recommended for approval.

## Evaluation Standards and Ratings

This evaluation form includes the evaluation criteria used to rate the quality of the proposal response for your assigned sections. Rate each evaluation criterion as “Met,” “Partially Met”, or “Not Met”. After rating each evaluation criterion in a section, select the most appropriate overall section rating: “Meets the Standard”, “Partially Meets the Standard”, or “Does Not Meet the Standard” according to the following guidelines:

- **Meets the Standard:** The applicant’s response reflects a thorough understanding of key issues and demonstrates the design team’s capacity to implement its plan. It addresses the topics with specific and accurate information, aligns with the mission and goals of the school, and presents a clear, realistic picture of how the school expects to operate.
- **Partially Meets the Standard:** The response meets the criteria in many respects, but lacks detail and/or requires additional information in one or more areas.
- **Does Not Meet the Standard:** The response demonstrates that the design team does not possess capacity to implement its plan. The response is significantly incomplete, lacks meaningful detail or otherwise raises significant concerns about the viability of the plan or the applicant’s ability to carry it out.

High quality proposal responses will include all or most of the characteristics listed underneath the evaluation criterion.

## Supporting Evidence

For each section you are assigned, provide evidence, notes, and findings from the proposal that reflect on the criterion identified in the column on the left. Please include findings and notes that enabled you to determine whether an applicant has “Met”, “Partially Met”, or “Not Met” each criterion that you have evaluated. An applicant may meet certain criteria, but still present some concerns or questions about their understanding, capacity, or plan, relative to those criteria. All evidence provided, regardless of particular criterion or overall section ratings (Meets, Partially Meets, and Does Not Meet the Standard) will be used to develop a final Recommendation Report. This Recommendation Report will explain the rationale for the CET’s rating of each section.

When citing evidence from the proposal, include page numbers and appendix numbers for easy reference.
