

# student behaviors covered by the SCC

This section identifies the specific inappropriate behaviors for which students will receive interventions and/or consequences. The behaviors are listed in six different groups, according to the degree of disruption to the learning environment.

- Group 1 lists behaviors that are *inappropriate*.
- Group 2 lists behaviors that *disrupt*.
- Group 3 lists behaviors that *seriously disrupt*.
- Group 4 lists behaviors that *very seriously disrupt*.
- Group 5 lists behaviors that *most seriously disrupt*.
- Group 6 lists behaviors that are *illegal and most seriously disrupt*.

## SPECIAL NOTES:

### Individual School Rules and Academic Progress

Individual schools may develop school rules that are consistent with this SCC and may address inappropriate student behaviors not specifically included in this SCC. However, poor academic achievement is not an inappropriate behavior. The SCC and school rules may *not* be used to discipline students for poor academic progress or failure to complete in-class and homework assignments. Instead, struggling students should be considered for academic or behavioral interventions to help them improve. Also, students must not be disciplined for the parents/guardians' refusal to consent to the administration of medication.

### Cellular Phones and Other Information Technology Devices<sup>2</sup>

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. A principal may also prohibit cellular phones and other information technology devices but allow individual students to possess them for any good cause after considering a written request from a parent/guardian. If a principal denies a parent/guardian's

<sup>2</sup> These include, but are not limited to: computers, cellular phones used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.

request, the parent may appeal to the Network Chief or their designee. Unless approved by the principal, cellular phones and other information technology devices are not allowed at school.

### Network Privileges and Access<sup>3</sup>

A principal may request that a student’s access or privileges to the CPS network be temporarily restricted, in whole or in part, as a result of SCC violations that create an unsafe learning environment or if they prevent other students from accessing their learning. These restrictions to the CPS network should not be indefinite and should be restored as soon as possible once appropriate plans are in place to ensure ongoing safety and access for all students to the greatest extent possible.

### School Dress Codes and Uniform Policies

Local School Councils may adopt a dress code policy that forbids students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral and cannot prohibit hairstyles or head coverings historically associated with race, ethnicity, religion or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who fail to follow a school’s dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending class. A student may receive additional consequences for violating a school’s dress code or uniform policy if the student’s dress disrupts or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation. Students enrolled in Military Academies or JROTC Programs are subject to the uniform requirements, interventions, and consequences of their specific program.

### Bias-based/Discriminatory Behavior

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bias-based behaviors, including racism and all forms of discrimination on the basis of actual or perceived membership of a protected category, are directly contrary to this and can cause physical, psychological, and emotional harm to students and interferes with their ability to learn and participate in school activities. Chicago Public Schools acknowledges its historic role in the systemic marginalization of individuals most impacted by racism, bias, and oppression. We seek to understand, disrupt, and dismantle patterns and structures of institutional bias and racism (conscious or unconscious) that create disparities or perpetuate achievement differences

<sup>3</sup> The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (<http://policy.cps.edu/download.aspx?ID=203>).

among students and staff. School administrators and designees should refer to the Addressing Bullying and Bias-based Behavior Policy included in this handbook for instructions on addressing all allegations of bullying or Bias-based behaviors by students. In the event that an investigation substantiates an allegation of Bias-based behavior, school administrators or designees should assign relevant SCC codes, restorative interventions, applicable consequences, and seek to identify and disrupt the systems and structures in our schools that allow discrimination to occur.

### **Military and JROTC Programs**

Board-designated military academies and other JROTC programs may enforce standards of conduct and interventions or consequences that are consistent with the military nature of those schools and programs, in addition to the standards of conduct and intervention or consequences described in this SCC. Students enrolled in a military academy who repeatedly engage in acts of gross misconduct or insubordination (student act that defies a lawful and appropriate direct order of a superior ranked officer, staff member or another student), or who repeatedly fail or refuse to wear the required military uniform, may be subject to administrative transfer by the military academy principal to another school (or in the case of a JROTC program, dismissal from the program). Prior to an administrative transfer, a conference must be held with the parents/guardians, student, military academy principal, and a designee of the Chief Executive Officer. Students who have been transferred for administrative reasons from any military academy must be accepted by their attendance area school. Students who have been given an administrative transfer to another Chicago public school or expelled from the Chicago Public Schools lose all rank and privileges at the JROTC military academies and must reapply to the JROTC program and the military academies for enrollment. Upon their child’s enrollment at a military academy, parents/guardians shall be informed of the uniform policy, expectations of the military academy, and the administrative transfer policy, and shall indicate by signature their agreement to adhere to the terms of these policies.

### **First Amendment Consideration**

Consistent with students' First Amendment rights, the Board enacted its Final Comprehensive Non-Discrimination, Sexual Harassment, Sexual Misconduct, and Retaliation Policy which enforces federally mandated protections, including those under Title VI and Title IX.

### **Dating Violence and Domestic Violence Statement**

Any school employee who is notified by a parent, guardian or student, or who suspects, that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence is defined as violent, controlling, or intimidating behavior that an individual uses against a current or former dating partner. It can include

emotional, physical and sexual abuse, stalking, yelling, harassing, threatening, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy and possessiveness. Domestic Violence is defined as: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant; by a person with whom the complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of Illinois; by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of Illinois. To categorize an incident as Domestic Violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

These allegations or suspicions should be reported to the Office of Student Protections and Title IX immediately. The principal shall ensure that the student victim of dating violence or domestic violence receives appropriate support services in accordance with the Board's Policy on Domestic Violence, Dating Violence and Court Orders of Protection, Restraint or No Contact (<http://policy.cps.edu/download.aspx?ID=43>).

### SCC and Other Laws, Policies, Rules, and Contracts

The inappropriate behaviors and range of possible consequences and interventions listed in this policy are consistent with the Illinois School Code, Board Rules and Policies, negotiated agreements, and all other applicable state and federal laws.

The SCC applies to CPS contract and performance schools.

CPS charter schools are exempt from local school board policies under Illinois law (105 ILCS 5/27A). Charter schools may choose to adopt the SCC or establish their own discipline policies. Charter schools are not exempt from federal and most state laws, the Individuals with Disabilities Education Act (IDEA) or from federal and state regulations as they pertain to discipline of students with disabilities/impairments. If a charter school establishes its own discipline policy, it must incorporate language from and comply with the guidelines for suspension and expulsion of students with disabilities/impairments outlined in this policy. Charter schools must also comply with policies and procedures established by the Office of Diverse Learner Supports and Services for the discipline of students with disabilities. Students expelled from charter schools should contact the Department of Student Adjudication at (773) 553-2249 for assistance.

Corporal punishment is expressly prohibited. Chicago Board of Education Rule 6-21 states: "No employee of the Board of Education may inflict corporal punishment of any kind upon persons attending the public schools of the City of Chicago."

<sup>6</sup> In addition to other disciplinary actions, a student who engages in disruptive behavior on the school bus may be subject to suspension from bus service for a period to be determined by the school principal with review by the Chief Executive Officer or designee.

<sup>7</sup> It is not an act of misconduct to defend oneself as provided by the law.

<sup>31</sup> The term “firearm/destructive device” as defined in 18 U.S.C. Section 921 includes, but is not limited to, handguns, rifles, automatic weapons, bombs, or other incendiary devices and parts thereof.

<sup>32</sup> Weapons include any object that is commonly used to inflict bodily harm, and/or an object that is used or intended to be used in a manner that may inflict bodily harm, even though its normal use is not as a weapon.

<sup>33</sup> A network is considered inoperable when it is unable to perform at the level of functionality intended by its maintainers.

<sup>34</sup> Students may be temporarily suspended from some or all CPS network privileges for improper use of information technology devices when it has been established that the behavior has resulted in an unsafe learning environment or if other students’ access to learning has been interrupted. CPS network privileges will be restored as soon as possible once appropriate plans are in place to ensure ongoing safety and access for all students to the greatest extent possible.

<sup>35</sup> “Look-alike” means any substance which by appearance, representation, or manner of distribution would lead a reasonable person to believe that the substance is an illegal drug or other controlled substance.

<sup>36</sup> Contraband means any instrument used to commit a crime or violation, and any other item, when possessing that item violates any applicable law, City ordinance, rule or policy of the Board or any individual school.

<sup>37</sup> It may be assumed that a student in possession of large quantities of alcohol, illegal drugs, narcotics, or controlled substances, or in possession of multiple individually-packaged amounts of alcohol, illegal drugs, narcotics or controlled substances, intends to sell or deliver these substances. Consider referring students who violate behavior 6-6 for substance abuse prevention program or counseling.

<sup>38</sup> Behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression must be reported to the Office of Student Protections and Title IX.

<sup>39</sup> Principals have discretion to suspend a student for fewer than five days if the student has a disability/impairment, based on the student’s age/grade level, or for other good cause as determined by the principal or designee.
