2. Decision Process Template

The template provides a set of materials that can be used to guide the LSC’s discussion

- The purpose of this template is to support Local School Councils and school communities in the SRO decision-making process

- This template is optional; it is recommended as a resource for preparing to engage in authentic, meaningful conversations around the SRO decision

- It is recommended that this template is used BEFORE the LSC meeting or the Town Hall to organize and analyze thoughts and data in preparation for those conversations

- In addition to the template, each school will receive an individual email with relevant discipline data and school-specific SRO survey data to inform the LSC’s discussion
  - These data will be school specific and are meant to inform decision-making on the SRO program as it is part of the broader school safety program
  - Data will be emailed to principals no later than Wednesday, July 15 for sharing with LSC Chairs prior to the meeting
3. Quarterly Monitoring

- LSCs are encouraged to work with their principals to monitor the effectiveness of their SRO program on a quarterly basis.

- Principals should report on the SRO program at LSC meetings using information received from CPS’s Office of Social Emotional Learning (OSEL).

- Topics for discussion could include:
  - Progress on SRO Program Goals
  - Discipline data update from OSEL reports
  - Solicit feedback from school community stakeholders

We encourage the SRO to participate in these planned meetings so they can be part of the discussion and solution-generation process.

Additional resources are listed in the appendix.
4. Key Dates

5. LSC FAQs

Are we required to use the toolkit?
- LSCs and school leaders are not required to use the toolkit; it is an optional resource to help structure the discussion and vote if helpful

Are Student LSC Members allowed to vote on this matter?
- Yes. Student voice is imperative in this matter

What if our LSC does not have quorum?
- We highly encourage school leaders to engage their LSC and School Community to discuss this matter
- If the LSC does not have enough members to have quorum, the principal and Network Chief will make the final recommendation based on feedback from the School Community

Are Appointed LSCs (ALSCs) allowed to vote on this matter?
- Yes, ALSCs should follow this process to vote on whether the school wishes to maintain the SRO program

Our parent rep is no longer on the LSC because their child graduated in June, are we allowed to recruit a new rep to participate in this vote?
- LSCs are scheduled to hold their organizational meetings between July 1 and July 14, the LSC can fill parent and community vacancies when there is a vacancy

If our LSC has already voted on the SRO program for SY20-21, do we need to revote and follow this process using the toolkit?
- No - LSCs will not be required to take another vote but are welcome to do so if they would like to revisit the decision now or at any time during the school year

Appendix: Quarterly Monitoring Resources

Principals and LSCs should plan to host quarterly monitoring reviews of the effectiveness of the program. Recommended Process:

1) Develop program vision and goals at the beginning of the year
2) Set up an implementation plan to achieve your goals
3) Set up an evaluation process to measure progress towards goals
4) Plan to include updates quarterly at LSC Meetings
1) Develop program vision and goals at the beginning of the year
   ● Include school community stakeholders, especially students, in setting the vision and the goals
   ● Involve SROs in the discussions with school community stakeholders
   ● Refer to the principals SRO Webinar January 2020 for additional ideas
   ● Set goals that are both quantitative (e.g. discipline data, calls to service to CPD, surveys) and qualitative (e.g. focus groups)
   ● Once goals are set, ensure that all school community members are aware of the expectations
Appendix: Quarterly Monitoring Resources

2) Set up an implementation plan to achieve your goals
   - Engage students and staff as part of the implementation plan
   - Set milestones
   - Set regular check-ins to monitor progress
   - It’s okay to change or adjust the plan as new information becomes available
Appendix: Quarterly Monitoring Resources

3) Set up an evaluation process to measure progress towards goals
   - Identify how you will measure the effectiveness of the program
   - Questions to ask:
     - For each goal, what are ways to measure how well we’re doing?
     - What data do we have access to and what additional data do we need?
     - How can we ensure that we are measuring the feedback from all school community stakeholders?
Appendix: Quarterly Monitoring Resources

4) Plan to include updates quarterly at LSC Meetings
   - Prepare a template that you can use to give regular updates for each of the goals and their respective progress
   - Solicit input from all school community members to ensure that your information is aligned with stakeholder expectations
   - Adjust your plans as appropriate based on feedback
