The Board and the Charter School have determined that it is in the best interests of the Board, the Charter School, students, parents and the public to articulate clear standards for the Charter School. The governing board of the Charter School shall be responsible for overseeing the academic performance of the Charter School and ensuring the academic success of the Charter School’s students. Additionally, the governing board of the Charter School is responsible for ensuring that the Charter School’s financial management and compliance meets the minimum acceptable standards. The governing board of the Charter School shall be held accountable through an annual performance evaluation and the publishing of a public Performance Scorecard outlining the level of achievement of the Charter School with respect to those standards, based on data collected during the prior school year.

1. Accountability Components

The Board and the Charter School hereby agree that the Charter School and each of its Attendance Center or campus, if applicable, shall be evaluated annually in accordance with the Agreement and this Accountability Plan including (i) the Board’s School Quality Rating Policy (“SQRP”) adopted November 19, 2014 (14-1119-PO1) with respect to option schools, (ii) Board Resolution Regarding School Quality Rating Policy adopted September 29, 2015 (15-0929-RS3), (iii) the Board’s Charter School Quality Policy (“CSQP”) adopted October 28, 2015 (15-1028-PO1), and (iv) any other resolutions adopted by the Board related to the SQRP. Said policies and resolutions, as may be amended from time to time, are hereby incorporated by reference into and made a part of this Agreement as if fully set forth herein.

2. Annual Performance Scorecard

Annually the Board shall publish a Performance Scorecard indicating the Charter School’s performance overall and by each Campus of the Charter School, if applicable, on each of the indicators (“Indicators”) in the following two categories: (i) Pupil Performance and (ii) Financial Management and Compliance. The Board reserves the right to also publish any underlying documentation with respect to such Performance Scorecard including, but not limited to, the Financial Audit of the Charter School as referenced in paragraph 6.a. of the Agreement. A Performance Scorecard for the preceding school year will be issued each year as soon as the data and corresponding analysis is available.

Pursuant to the Option School Performance Indicators in the SQRP, for the Pupil Performance Indicators, the Board will assign the Charter School an accountability
designation for purposes of comparison to other option CPS schools and public reporting. The level of the Charter School’s performance will be determined by a set of Indicators measuring, among other things, student academic growth, attendance, and progress toward graduation.

The SQRP and CSQP shall be used to determine if a school is meeting or making reasonable academic progress, as defined in the Illinois Charter Schools Law. When conducting the annual performance evaluation, the Charter School’s academic performance shall be categorized as Meeting Standards, Making Reasonable Progress, or Failing to Meet Standards or Make Reasonable Progress. This determination shall also be used in decisions concerning the renewal, non-renewal or revocation of a school’s charter and agreement.

For the Financial Management and Compliance Indicators, the Charter School’s performance on each Indicator will be rated as follows:

- Exceeds Standards – Above average performance
- Meets Standards – Average performance
- Does Not Meet Standards – Below average performance

This Accountability Plan establishes the performance levels, listed below, which generate the ratings for each Indicator. However, additional information or extenuating circumstances may lead the Board to rate an Indicator higher or lower than when performance level criteria are strictly applied.

A. Pupil Performance

*Standardized Tests*

The Charter School shall participate fully in assessments required by the State of Illinois as well as any other assessments required by the district’s SQRP during the administration period agreed upon by the Chicago Public Schools and the Charter School. Data from these assessments will be compiled and evaluated as described in the SQRP. If for any reason the Chicago Public Schools ceases to use any of the assessment systems described herein, the Board shall implement, for Charter School accountability purposes, the same alternate student assessment system and test measure criteria used for district’s students.
**Additional Student Performance Indicators and Data Required**

Additional metrics may also be assessed including the Charter School’s attendance rate, one-year dropout rate (for high schools), early college credit (for high schools), career certifications (for high schools), graduation rate (for high schools), college enrollment and persistence (for high schools), and data quality. Additionally, all schools will be required to administer the My Voice, My School survey annually.

In general, schools will be required to submit all relevant data necessary to calculate the metrics outlined in the SQRP.

**Annual Measurable Objectives**

As required by the Federal Every Student Succeeds Act (“ESSA”), as may be amended from time to time, Illinois has set annual measurable objectives. Charter Schools failing to meet annual measurable objectives may face sanctions under applicable State and Federal laws.

**Comparison Metrics**

The Charter School’s academic performance shall be reviewed annually relative to the performance of other option schools within CPS on metrics included in the SQRP and/or on assessments mandated and other metrics measured by the State of Illinois.

B. Financial Management and Compliance

The following Financial Management and Compliance Categories will be included on and evaluated for each Performance Scorecard: Financial Condition, Financial Controls, Reporting, and Legal Compliance. The school will receive a rating for each Indicator based on the rubric described below. Performance against each Indicator will be reported on the Annual Performance Scorecard.

Financial Condition

This category measures the overall financial health of the school based on the change in net assets, current ratio (liquidity), net asset ratio, cash on hand ratio, and loan delinquency. Ratings will be assigned for each Indicator as follows:

The following items, required by paragraph 6.a.iii. of the Agreement shall be tested and reported upon annually by the Charter School’s independent auditor and evaluated and presented as part of the Legal Compliance Indicator:

i. Compliance with all Federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status or need for special educational services pursuant to 105 ILCS 5/27A-4(a);

g) Paragraph 6.k., ongoing presence of management and financial controls,
h) Paragraph 6.p., monitoring of public funds used for advertising, and
i) Paragraph 8., maintenance of required insurance coverage.

In addition to the above items, the Board will also consider the Charter School’s compliance with the Office of Innovation and Incubation’s compliance requirements and the teacher qualification requirements in accordance with both the Charter Schools Law (Section 27A-10). Failure to comply with either the compliance requirements or the teacher qualification requirements shall affect the rating on the Legal Compliance Indicator.

When determining how to classify a Financial Management and Compliance Indicator, the Board may consider information from various sources including, but not limited to, Financial Audits, site visits, spot checks or spot audits to verify enrollment and/or attendance data, and any information provided by other CPS departments, parents, or employees.

If a Financial Audit states that there were material weaknesses or significant deficiencies found, the Board may request from the Charter School the auditor’s management letter and/or an opinion from a qualified, third-party professional regarding the importance of the finding. The Board shall also ask the Charter School to respond to the finding.

To further strengthen the Board’s financial accountability process, the Board has established baseline financial standards for the Charter School which have been detailed below:

**Financial Remediation Process**
The Office of Innovation and Incubation ("I&I") shall oversee a financial remediation process ("Financial Remediation Process") that requires a Charter School to submit documentation to I&I regarding the Charter School’s financial health. As indicated above, there are four “Key Indicators” related to financial performance A Charter
School shall enter the Financial Remediation Process if:

- At least two (2) out of four (4) Key Indicators are not meeting standards in one (1) fiscal year, or
- Exigent circumstances cause the Charter School unexpected financial hardship.

A Charter School that begins the Financial Remediation Process for the first time or begins in a non-consecutive year shall be required to submit monthly cash flow statements to I&I, with the possibility of other requirements.

A Charter School in its second consecutive year of the Financial Remediation Process shall be required to submit a financial corrective action plan (“Financial Corrective Action Plan”) and other required documents to I&I. This Financial Corrective Action Plan should detail the actions the Charter School will take to improve its financial position.

As stated in the CSQP under “Other Considerations”, nothing in this policy shall prohibit the Charter School from being subject to non-renewal or revocation based on the totality of factors. The financial factors that may be taken into consideration include, but are not limited to: (i) the Charter School’s financial situation is severe enough that it impacts the education of students, (ii) the Charter School not successfully completing the Financial Corrective Action Plan within the Financial Remediation Process, or (iii) the Charter School being in the Financial Remediation Process for more than half of the duration of its Agreement. These criteria may also be considered for expansion, replication, or a shortened renewal term.

3. Charter School Participation in the Accountability Process

The Charter School shall take all necessary actions to collect and report the information required by this Accountability Plan for the Charter School overall and by each Campus of the Charter School, if applicable, including, without limitation:

A. Full participation in the administration of all required student assessments, as the case may be, including all procedures designed to safeguard the integrity of the assessments;
B. Participation in site visits conducted by the Board to ascertain that sufficient, minimum educational, facility, and operational practices are in place;
C. An annual financial and compliance audit, as required by law, including but not limited to, the Single Audit Act Amendments of 1996 (31 U.S.C. §7501-07, as amended), OMB Circular A-133, and the compliance
requirements set forth in OMB Compliance Supplement, and by the Agreement;
D. Provision of student, school, and employee information required by the Agreement and/or the Accountability Plan;
E. Submission and implementation of ADA Plans for the Campuses of the Charter School required by the Agreement;
F. Provision of information that is necessary to evaluate parent, student, employee, or public allegations or audit findings that, if true, would constitute a violation of the law or Agreement; and
G. Provision of additional information or cooperation in other actions not listed in this section necessary to evaluate the Charter School’s performance with respect to the Financial Management and Compliance Categories.

4. Renewal, Non-Renewal and Revocation

The Board shall evaluate the Charter School in accordance with the Accountability Plan and may rely on its evaluation of one or more Indicators included in the Accountability Plan when the Board acts to revoke, renew, or not renew the Charter School’s charter. Depending upon the circumstances, any Indicators for the current year of the Charter School or any optional site visit(s) by the Board may or may not be considered when the Board evaluates the Charter School against this Accountability Plan.

With respect to the Pupil Performance Category, the Board will take any such action using the SQRP rating for the Charter School then available. For example, for a five-year charter agreement ending on June 30, 2021, the 2017 SQRP Rating would assess the academic performance of the Charter School for the 2016-2017 school year and so on as illustrated below:

<table>
<thead>
<tr>
<th>Issuance of SQRP Rating</th>
<th>Based on School Year</th>

<tr>

<tr>

<tr>

</tbody>

When a charter is up for renewal, the Board will take into account previous years of the Charter School’s academic performance on the SQRP; provided, however, the Board will not take into account the final year’s academic performance of the Charter School other than as set forth in the CSQP except under extraordinary circumstances.
When the Board considers revoking a charter, it may take into account whether: (i) the Charter School has failed to implement its academic remediation plan and adhere to the timeline as defined by the Board; (ii) the Charter School has remained on the Academic Warning List for two consecutive years as defined in the CSQP; or (iii) such other criteria as set forth in the then current SQRP, CSQP or amendatory resolutions regarding the aforementioned policies.

The Board may act to renew, not renew, or revoke a charter of the Charter School during the term of the Agreement in accordance with paragraphs 12 and 13 of this Agreement.

In all circumstances, the Board shall follow the requirements of the Charter Schools Law and its Agreement, including all due process requirements, regarding the processes required for renewal, non-renewal and revocation.
