CPS Transparency Committee

Session 15: Feedback for
FACE, UIC Survey, Stakeholder
Learning Plan

May 14, 2025

4pm - 6pm

Objectives

The Transparency Committee will:

- review **UIC Community Engagement Survey and 2page Approach**;
- review **Stakeholder Learning Feedback Memo for CPS FACE Office (Draft [Memo Here](#))**
- review different type of **data visualizations** and get initial feedback
- discuss summer meeting objectives and schedule

Agenda

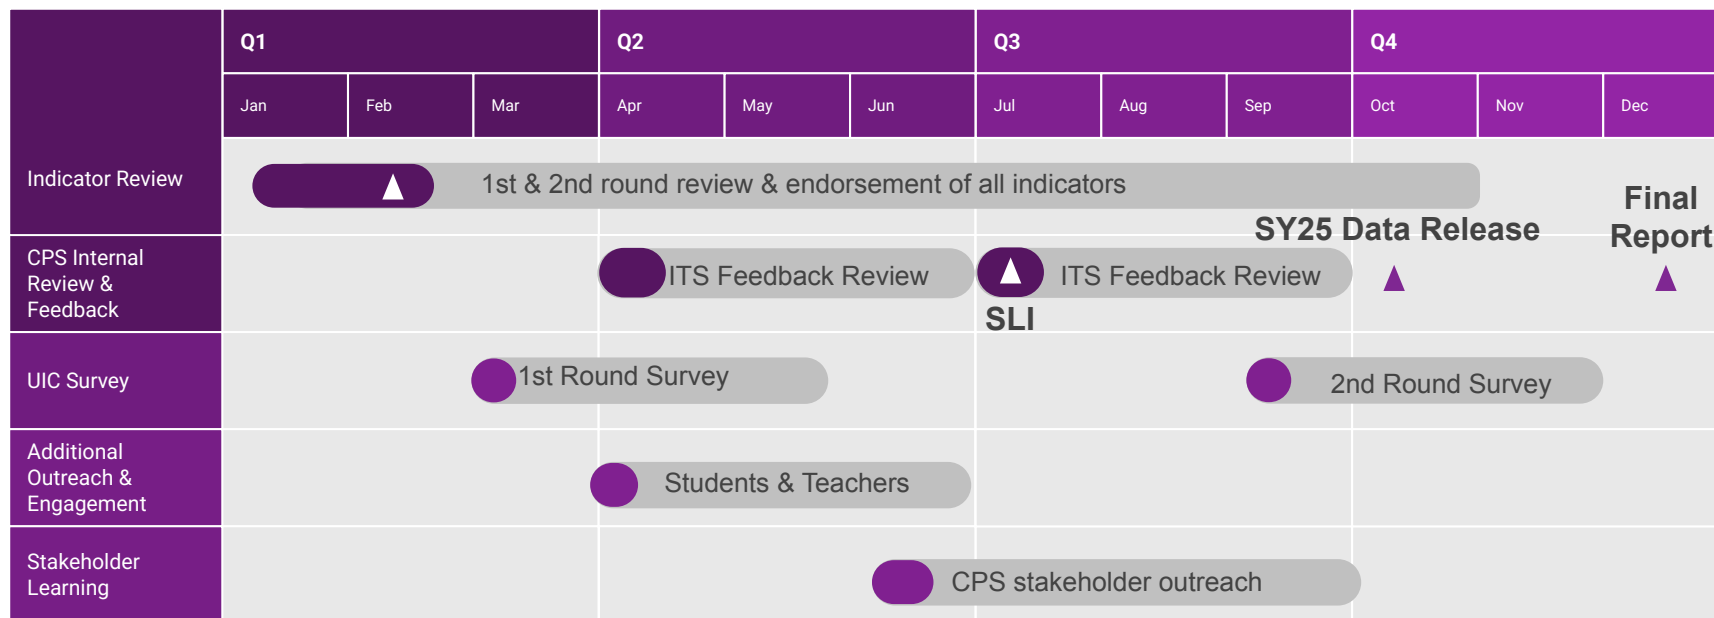

Time	Activity
4-4:05(5 min)	Welcome and Objectives
4:05-4:15 (10 min)	Refresh on our Progress and Where We are Going
4:15 - 4:35 (20 min)	FACE Recommendations

4:55 - 5:55 (60min)	Exploring External Data Visuals
11:15-11:25 (10 min)	Summer Planning, Public Comment, Next Steps, & Closeout

Community Agreements

- **Equity of Voice:** Listen actively, respect lived experience, and seek multiple viewpoints. Everyone's experience and perspective matter, regardless of role or title.
- **Speak Plainly:** Prioritize straightforward, simple language and minimize jargon.
- **Seek Growth & Embrace Discomfort:** Seek to grow through new understanding and lean into discomfort. Encourage honest feedback, questions, and the constructive challenge of ideas.
- **Uncover Shared Truth:** Speak our own truth, while also seeking common ground and a shared truth, when possible.
- **Focus on Solutions, Rather than Problems:** Embrace creativity and open-mindedness, and remember that the perfect can be the enemy of the good. Consensus is valued, but so is practicality in implementation.
- **Practice Respect, Empathy, and Kindness:** Treat each other and this space with respect. Listen to understand different perspectives and use moments of ignorance or confusion as chances to learn and grow.

How can we work together to ensure
Chicago Public School's accountability
framework is Accessible, Usable, and
Actionable?

Feedback Forms

Transparency Committee Feedback

Form: Growth to Student

Proficiency/ Formulario de comentarios del Comité de Transparencia: Crecimiento hacia la competencia estudiantil

Thank you for your feedback on the CPS COT indicators! Here are instructions for how members of the Transparency Committee should use this form.

1) First, please start your feedback process by completing the first two questions of this form: Name + what you would like to know. This can be done ahead of meeting.

2) Second, take 15 minutes to review the CPS tool site linked here and respond to the feedback question below (do not submit yet) NOTE: you can use these shortcuts:

<https://www.cps.edu/schools/cot/new/instructional/Student>
<https://www.cps.edu/schools/cot/new/instructional/Teacher>

OR

You can look up any school by using its shortname when "inserted"

3) Third, we will discuss our responses as a group.

4) Finally, at the end of our meeting, we will have time to review our responses, and then submit your responses.

En Español

Gracias por sus comentarios sobre los indicadores COT de CPS. A continuación se detallan instrucciones sobre cómo los miembros del Comité de Transparencia deben utilizar este formulario:

1) Primero, comience su proceso de comentarios completando las dos primeras preguntas de este formulario: Nombre + qué le gustaría saber. Esto se puede hacer antes de la reunión.

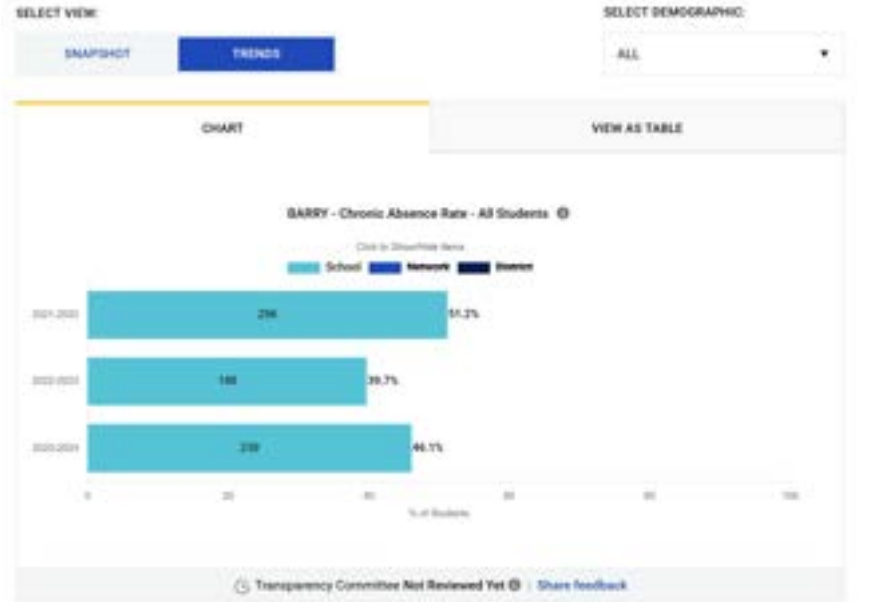

2) En segundo lugar, tómese 15 minutos para revisar el sitio beta de CPS vinculado aquí y responda la pregunta de comentarios a continuación (no la envíe todavía) NOTA: Estos son datos de muestra

Transparency Committee Website Update

- Each indicator is marked as:
 - **Transparency Committee Not Reviewed Yet:**
 - **Transparency Committee Reviewed:**
Indicator has been reviewed, and feedback provided.
 - **Transparency Committee Vetted ~~Endorsed~~:**
CPS has incorporated the feedback to the Committee's satisfaction.
- At the bottom of each indicator, there is a link for community to provide input and further engage with UIC community validation engagement
- Some committee input is not yet reflected on the site

Rubric

[Link here](#)

Category	Distinguished	Proficient	Basic	Unsatisfactory	Comments
1. Accessibility: Is the metric easy to understand?	The indicator is clearly defined, with straightforward language and explanations that are accessible to all stakeholders.	The indicator is mostly clear, with minor areas that could be better explained.	Some aspects of the indicator are confusing or require additional context to be fully understood.	The indicator is difficult to understand and lacks clarity for administrators, teachers, and parents.	
1a. Language: Is the wording clear and accessible?	Uses plain language with minimal jargon; translations (if available) are accurate and clear.	Mostly clear, but could be simplified or translated better.	Some sections contain technical language or unclear phrasing.	The language is overly technical or unclear, making it difficult to understand.	
1b. Ability to find: Are you able to find this metric easily?	The metric is easy to locate with clear navigation and search functionality.	The metric is findable with some effort, but navigation could be improved.	The metric is somewhat difficult to locate and may require multiple steps.	The metric is very difficult to find or inaccessible through normal search methods.	
2. Usability: Can stakeholders use this metric to measure improvement?	The metric provides clear benchmarks or comparisons that help stakeholders measure progress effectively.	The metric is useful for measuring progress but could be more refined.	Some aspects of the metric are difficult to apply for measuring improvement.	The metric does not offer a clear way to track progress over time.	
2a. Graphs and Charts: Are visual elements effective in communicating data?	Charts and graphs are well-designed, easy to interpret, and enhance understanding.	Visuals are mostly clear but could be improved for better readability.	Some visuals are confusing or do not fully support the data.	Graphs and charts are unclear, misleading, or missing.	
2b. General Layout: Is the metric well-presented on the CPS website?	The layout is intuitive, well-organized, and easy to navigate.	Mostly user-friendly, but with minor navigation challenges.	Some layout issues make it difficult to find or understand information.	The design and layout hinder accessibility and usability.	
3. Actionability: Can stakeholders use this metric to take meaningful action?	The metric provides actionable insights that inform decision-making and school improvements.	The metric supports action but may need additional guidance or context.	The metric is somewhat useful but lacks clarity on how to act on the data.	The metric does not provide clear guidance for stakeholders to take action.	
3a. What were you looking for? Did you find it?	The desired information was easily accessible, clear, and met my needs.	The desired information was found but required some additional effort to interpret or locate.	The information I was looking for was partially found, but key elements were missing or unclear.	The desired information was not found or was too difficult to access.	

FACE Recommendations

FACE Recommendations

- Goal to send recommendations to FACE by Friday
- Recommendations to strengthen awareness and engagement with Continuous Improvement Data Tool (CIDT) among:
 - Parents and caregivers
 - Local School Councils (LSCs)
 - Faith-based organizations (FBOs), community-based organizations (CBOs), and
 - Broader community
- Insights from CPS Transparency Committee meetings on
 - November 14, 2024, April 3 May 1, 2025, and follow-up discussions with key stakeholders

Discussion + Next Steps

- Did we miss anything? Anything else to add?
- Please add or revise anything by FRIDAY May 16 at NOON
 - Add comment directly on document
 - Email Jill
- Memo ([in English](#)) ([in Spanish](#))

Community Feedback Discussion

Transparency Group Meeting #16 (5/14/25)

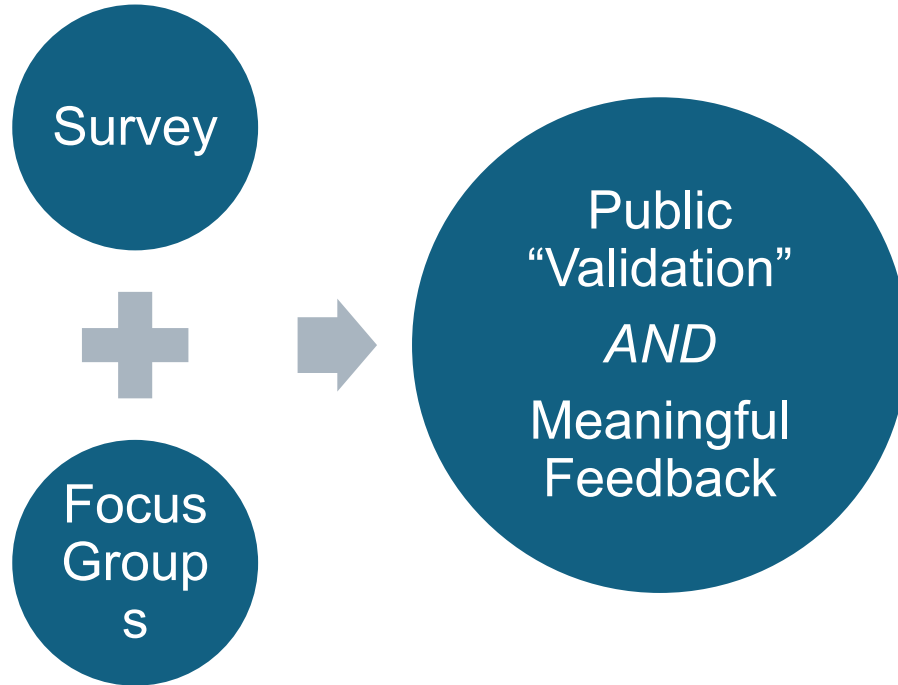

Community Feedback Process

Approach we had been discussing (Linear, Sequential)

Community Feedback Process

Approach we are now proposing

For Discussion – The Approach

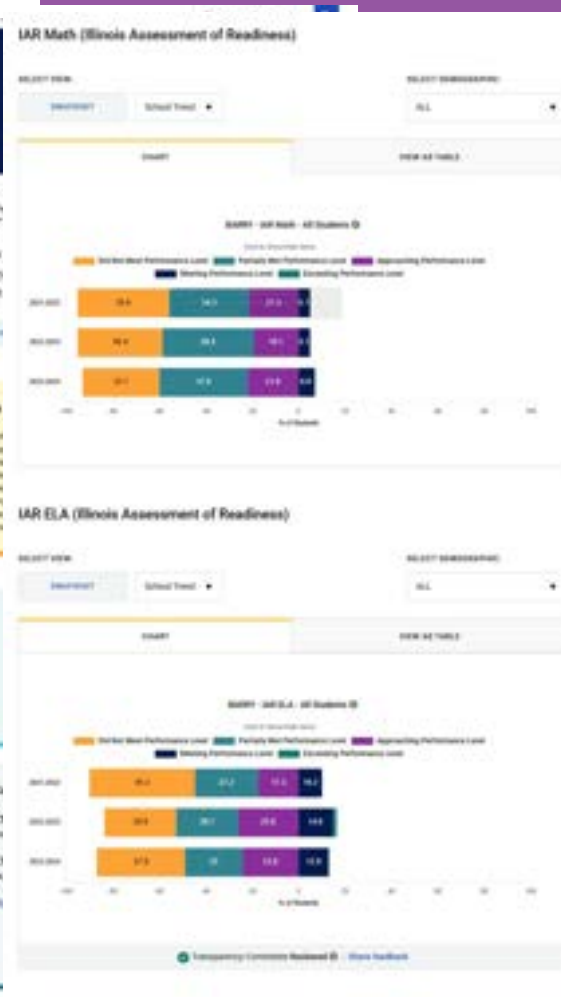

- Would this approach better serve our needs?
- What concerns (if any) would you have about it?

Focus Group Methodology [If time]

Exploring External Data Visuals

Where are we?

- We've reviewed all 11 available indicators + school overview
- We've worked within, and given feedback based on, CPS's School Profiles site.
- We've collected feedback on individual indicators, but also overall themes, such as:
 - School Comparisons
 - Community Level Data
 - Comparing Indicators
 - Finding Indicators

Reflection Questions

- How are other sites taking into account the needs of different stakeholders?
- How do we see other sites balancing values in tension?
 - Simplicity vs. Context
 - Ease of use vs. Customization
 - Support vs. Accountability
- How can other organization's data sites inform our work together as a committee?
And how do we take into consideration time & resource constraints?

Micaelan Valesky

Manager, Data Science

KIDS FIRST CHICAGO

Objective

- Compare CPS website navigation and data presentation to other sites
 - Focus on common feedback / pain points in the user experience
 - Note: we are not looking to copy other sites exactly, but use these as examples for discussion around improvement

Overview

- Review the current CPS website
- Take a look at other sites' navigation and data presentation approaches
 - New York City Public Schools
 - Los Angeles Unified School District
 - Chicago Department of Public Health
 - To and Through Project
- Discussion

How do you find information about a school in CPS?

- CPS website offers both a school search function and the school locator (map) tool
- GoCPS offers a map tool

School Profile Search

The screenshot shows the Chicago Public Schools website's 'School Profiles' section. The header includes the CPS logo and navigation links for Parents, Students, Community, and Staff. A secondary navigation bar lists Schools, Academics, Services, Initiatives, Calendar, Blog, and About. The main heading is 'School Profiles'. Below this, there are two main content areas. The left area, titled 'Get to Know Our Schools', features a dark blue background with white text stating that CPS is home to more than 600 elementary and high schools, each offering unique programs and experiences. It includes a link to 'View our School Locator'. The right area, titled 'Search for a Profile', has a light blue background and contains a search box labeled 'ENTER SCHOOL NAME' with a magnifying glass icon and a link to 'ADVANCED SEARCH'.

School Overview

Each CPS school is a dynamic and vibrant learning community with so many different ways students can thrive. We're so happy to share all the great things that make our school a great place to learn!

[TOUR OUR NEW SITE](#)

A Message from the Principal

Beaubien programs include Pre-Kindergarten, special education, bilingual education, and mainstream K-8 classes. Additionally, Beaubien serves as a Regional Gifted Center for Grades 1-8. Beaubien's focus on both diversity and unity strengthens the school's academic and social atmosphere.

We've expanded our school profiles with new metrics to support CPS' reimagined approach to analyzing school practices and student outcomes. These metrics are organized around four key aspects of school life that provide a fuller picture of how the District and schools are meeting the needs of the whole child. Explore the key aspects below to find information about academic progress, school conditions, community engagement, and more at this school.

Evidence of Student Learning and Wellbeing

Includes reporting on academic progress, student wellbeing, and college and career planning.

[LEARN MORE](#)

Daily Learning Experiences

Includes reporting on the curriculum, instruction, environment, interventions, and individualized support over time.

Spotlight (Future State)

Evidence of Student Learning and Wellbeing

Measuring data about our students' progress through required testing, English language proficiency, participation, and preparing for life after graduation helps the district direct resources where needed the most. Metrics are updated as information becomes available.

Academic Progress

Student Proficiency: Measures the percentage of students meeting grade level standards and is based on state-required testing.

Student Growth to Proficiency: Measures the change in average achievement for students from the prior year and progress toward grade-level standards using state assessments.

English Learner Progress to Proficiency: Measures progress toward English proficiency (aiming for proficiency within five years).

On-Track: Measures the percentage of students in grades 3-8 who are on track for high school, and if freshmen and sophomores are on track to graduate in four years.

Growth of Students who Participate in Alternate Assessments: Highlights the importance of tailored support to help each student succeed.

Connectedness and Wellbeing

Chronic Absence: Measures number of students who are regularly absent (10% of school days).

One-Year Dropout Rate: Measures the percentage of students in

Spotlight (Future State)

Student Growth to Proficiency

This measures the change in average achievement for students from the prior year and progress toward grade-level standards based on state assessments.

The measure will be published for each grade level at the school, district, and network level to allow for comparisons. In the future, the district will report growth over multiple years to provide additional information about progress toward proficiency. This metric will be referred to as the Academic Progress Indicator (API).

Initially, the District is reporting "Effect size." "Effect size" represents the relationship between the Academic Progress Indicator (which measures observed growth over multiple years) and the growth of students with similar starting achievements ("typical" growth). Here's how the data should be interpreted:

- Schools with students who are experiencing higher than typical growth or typical growth should expect students to be making progress toward proficiency.
- Schools with students with lower than typical growth may not be making progress toward proficiency.
- Those schools with students significantly below typical growth may have students who are further from proficiency than in prior grades.

Typical growth is measured within a range around zero, which represents average growth across the state.

Stay tuned: The API will be published at a future date to provide additional information about the progress students are making toward proficiency.

Why This Is Measured

API provides information about the progress students are making toward grade-level standards and helps the district and schools determine where additional attention may be needed. Combined with other measures, it can help direct resources and support. Schools with good growth over multiple years and successful improvement strategies can be used as exemplars.

How This Is Measured

Typical growth is the amount of growth made by students with similar achievement levels. Effect size measures academic progress compared to typical growth. Both academic progress and typical growth are measured in Normal Curve Equivalents (NCEs). NCEs are calculated by standardizing student test scores using 2019 state norms. This avoids comparing students' current achievement against students in the same academic year and ensures that all students can demonstrate progress.

The largest elementary school in the Partnership for Los Angeles Schools, 107th Street & STEAM Magnet, strives to provide a "state of the art & state of the heart" world-class education for our scholars. We believe that building strong relationships with students and families is the foundation to providing a restorative learning community. Our partnership with the California Science Center has been instrumental in cultivating our integrated approach to teaching science and literacy. Hands-on science instruction, field trips, blended learning opportunities, meditation, P.E. and arts instruction support our belief in teaching the whole child. Our goal is to ensure that all scholars graduate from 107th Street college & career ready.

About the Chicago Health Atlas

The Chicago Department of Public Health and PHARM Center at UIC believe data should be accurate, transparent and easy to understand. We created the Chicago Health Atlas so that you can review, explore and compare health-related data over time and across communities. In addition, the Chicago Health Atlas provides a place for residents to see our progress implementing Healthy Chicago, the citywide plan to improve health equity.

Find here to that you will see this data to both better understand health in Chicago and identify opportunities to improve health and well-being.

How to Use the Chicago Health Atlas

This site publishes data about hundreds of indicators in every Chicago community, and makes that data available in maps, charts, tables, and more. There are many ways to explore the data, but the easiest is to search for any indicator or place in the site-wide search bar at the top of any page.

College Persistence

College Completion

Graduating high school with a high level of academic achievement is among the most important markers along the road to college success. Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years. In order to graduate from high school on time, students must obtain a minimum of 24 credits.

Breakdown

How many 9th graders in Chicago Public Schools graduated from high school and what were the college access levels of those graduates? 

Discussion / Reflection

- How do you feel about the CPS navigation to school data?
Was it intuitive?
 - What works, what doesn't?
- Were there any navigation elements, data dashboards, or data visualizations that stood out, positive or negative, from other examples?
- Were there any of these you feel would improve CPS navigation or visualizations?
- Form for feedback

Closeout & Next Steps

Summer Meeting Cadence Discussion

Option 1: Take 2 month break from mid-June to late August

Option 2: Meet once in July, then pick up regular rhythm, once school starts back up

- Thursday, May 29th, 9-11am, Asynchronous
- Wednesday, June 11th, 430 - 730pm, In Person
- ***Thursday, June 12th, Last Day of School***
- ***Wednesday, June 25th, Summer School Starts***

Exit Feedback Survey

Please complete this form before you leave today! Your anonymous feedback will help us ensure better and more efficient and inclusive meetings in the future
