**ATTENDANCE CODING GUIDANCE FOR CPS ELEMENTARY AND HIGH SCHOOLS**

All attendance documentation is a legal record; any and all actions associated with attendance taking must be accurate.

**TERMS AND DEFINITIONS:**

- **PRESENT:** A student has received a minimum of 300 instructional minutes.
- **FULL DAY ABSENT:** A student has received less than 150 instructional minutes.
- **HALF-DAY ABSENT:** A student has received between 150 and 299 instructional minutes.
- **EXCUSED ABSENCE:** A student is marked EXCUSED ABSENCE with a note that provides a reason that adheres to the CPS Policy for Valid Reasons for Absence. A student does not receive an EXCUSED ABSENCE until he/she returns with a signed note or a call has been made and/or reported, and logged into the CPS Call Collection Log that aligns with the Valid Reasons for Absence. If a child is marked absent, and the child was with another CPS designee for a school-based purpose, the Attendance Coordinator is to amend the attendance record so it is accurate. A school assigned suspension (SUS) is deemed an EXCUSED ABSENCE.
- **UNEXCUSED ABSENCE:** A student is marked as an UNEXCUSED ABSENCE when they are not in school and not attached to a school-based function. Any explanation that falls outside of the CPS Policy for Valid Reasons for Absence is UNEXCUSED.
- **SCHOOL FUNCTION:** The code of SF (SCHOOL FUNCTION) can only be used when it meets TWO CRITERION: 1) the event the student is participating in outside the classroom has a school purpose AND 2) that event is managed by a certified CPS employee or with a CPS employee who is supervised by a certified CPS employee. SCHOOL FUNCTION should never be massed assigned for a school. The chart below provides examples of the application of this criterion.

| 1) The ES student attends the appointment with the parent/guardian.  
2) The amount of instructional minutes missed for the appointment is subtracted from the total instructional minutes for the child.  
3) If the school-based health center appointment causes the child to fall below the 300 instructional minutes requirement for full-day attendance, the Attendance Coordinator will capture this in the student’s attendance record as a Half-Day of Absence.  
4) If the school-based health center appointment causes the child to fall below the 150 instructional minutes requirement for a half-day of attendance, the Attendance Coordinator will capture this in the student’s attendance record as a Full-Day of Absence.  
5) Documentation from the parent/guardian is required whether the child does or does not miss enough instructional time to impact their daily attendance. This documentation will also serve to change the AUX (Absent Unexcused) to AE (Absent Excused). | 1) The student who goes to the appointment during a class period is coded AUX (Absent Unexcused) by the period teacher.  
2) Upon receipt of proper documentation, the Attendance Coordinator changes the period attendance from AUX to an AE (Absent Excused).  
3) The student CANNOT be marked School Function (SF). |
| 1) Period teacher marks student Absent (AUX).  
2) With proper documentation of a student’s participation, the Attendance Coordinator amends the period attendance to a School Function (SF). | - This program is typically part of health education. Students who take the option to provide a urine sample for STI testing will not be in class.  
- Students age 12 and over can provide their own consent to participate.  
- As an onsite clinic is not staffed by CPS employees, it is deemed an external entity, and, therefore, treated as such.  
- Schools should work with the clinic to encourage students to make appointments during their lunch periods. |

- The above table outlines the procedures for handling STI testing appointments in specific schools and school-based health centers. The table distinguishes between the processes for ES (English as a Second Language) students and non-CPS staff. The guidelines cover the necessary attendance records and documentation requirements to ensure accurate and fair attendance tracking.

- The ES students and their parents/guardians need to attend the appointments, and the amount of instructional minutes missed is accounted for in their attendance record. If the appointment causes the child to fall below the specified attendance requirements, the Attendance Coordinator will mark the absence as a Half-Day or Full-Day of Absence. Documentation from the parent/guardian is required, and this documentation will update the attendance record from AUX (Absent Unexcused) to AE (Absent Excused).

- For non-CPS staff, similar processes apply, but the emphasis is on ensuring that students who take part in the health testing can be accurately accounted for in their attendance records. The attendance record will be updated to reflect the impact of the appointment, ensuring that the student's daily attendance is accurately captured.

- This system is designed to provide a fair and transparent approach to handling attendance records during health testing appointments, ensuring that students' educational progress is not unduly impacted.

- Additionally, the table notes that this program is part of health education and is typically handled as an external entity, with students aged 12 and over being able to provide their own consent to participate in the testing.

- Schools should also consider encouraging students to make appointments during their lunch periods, aligning with the policy that an onsite clinic, not staffed by CPS employees, is treated as an external entity.

Chaperone: Chaperones are assigned to a trip by the principal to assist with the supervision of student behavior and group activities. Chaperones may include certified teachers, educational support personnel, or parents or other volunteers. Chaperones must be at least 18 years old. In order to be eligible to serve on an overnight student travel trip, all chaperones must meet the requirements in the Board’s Volunteer Policy (Board Report 06-0927-PO2), as may be amended, which includes a criminal background investigation and a tuberculosis check.

Educational trips: Educational trips are designed (1) to provide students with knowledge and experiences to supplement their curriculum or (2) to provide enrichment experiences. Educational trips that supplement the curriculum include, but are not limited to, visiting museums and zoos and going to theater productions, business/industry tours, cultural exhibits, and nature centers. Educational trips that provide enrichment experiences include, but are not limited to, trips outside the borders of the U.S. or trips that are part of an extracurricular activity. Educational trips fall into one of the following four categories which determine the applicable trip requirements:

- **Category 1 - Trips outside the borders of the U.S. or its territories**
- **Category 2 - Trips within the U.S. that may include an overnight stay or have a total value of $10,000 or more**
- **Category 3 - One-day field trips with a total value of less than $10,000**
- **Category 4 - Interscholastic competitions and other similar events with a total value of less than $10,000**

Manager: The Manager means the Chief Area Officer or designee or the department head or designee who oversees the school’s activities as determined by the Officer.

Non-educational trips: Non-educational trips are trips that have little or no educational value. They include, but are not limited to, trips to amusement parks and/or recreational facilities.

Officer: The Officer means the P-12 Management Officer or designee.

School Tour Supervisor: A School Tour Supervisor is a certified teacher designated by the principal to be the lead chaperone on a Category 1 or 2 trip and the point of contact for the principal while on the trip.
II. GENERAL REQUIREMENTS

A. Educational Travel - Only educational travel is permitted. The Officer acts as final arbiter of whether a trip is educational or non-educational.

B. Applications for Student Travel - The principal must file a Student Travel e-Application for each travel event.

C. Permission slips and release forms – The principal must verify that there is a signed parent/guardian permission slip for each participating student and when applicable, a signed release form for each participating student and for each participating adult chaperone. The school must retain originals of each of the permission slips and/or release forms. Each form must have original signatures (i.e., no stamps and no initials).

D. Funds disbursement - No funds, including deposits, shall be disbursed by a school before the Manager approves the Student Travel e-Application.

E. Contract Review – Principals are required to follow the applicable Board Rules when entering into contracts.

F. Scheduling Restrictions - Schools may not schedule Category 1 or 2 trips during the first three weeks or the last two weeks of the school year, unless an Officer authorizes an exception prior to scheduling the trip. Further, no student is permitted to participate in a trip when that student is scheduled to take a standardized test. Trips may be scheduled during the summer.

G. Supervision – All trips must conform to the chaperone requirements for their Category.

H. Planning – In general, student trips are planned by a certified teacher or administrator for one school. However, if a trip involves students from multiple schools, it must be approved by all of the respective principals, Manager(s) and Officer(s) involved. If a trip is planned by a central office department (which may or may not be in conjunction with an outside entity) the central office department is responsible for insuring compliance with all applicable requirements in this policy and guidelines.

I. Right to Rescind - The Manager or Officer retains the right to rescind approval of trips when, in the judgment of the Manager or Officer, circumstances may jeopardize the safety of students and chaperones.

J. Student participants – Only enrolled students are eligible to participate in a student trip. Students are subject to the Student Code of Conduct while participating in a student trip. The principal may refuse to allow a student from participating in any trip, consistent with the travel guidelines, so long as the student is not denied participation solely due to a disability. A student/parent may appeal the decision to deny a student’s participation to the Manager, who shall make the final determination.

K. Additional Adult Trip participants – An adult who wishes to travel on a student trip, but who is not serving as a chaperone, must be approved by the principal and meet the requirements of the Board’s Volunteer policy.

L. Approval – Approval requirements and timelines are determined by the trip category and all trips must be approved prior to the date of travel and/or the disbursement of funds.

M. Guidelines - The CEO or his/her designee shall develop guidelines to establish procedures and forms necessary to implement the requirements of this policy.
