TABLE A

Medical Leave, Short-Term Disability	Non-Medical Leave
Required signed medical form	Proof of enrollment in a full-time educational program
Release of information (ROI)	Scholarship award
STD Supplement form	Military orders

**Just remember you are not on an approved leave yet, so you must continue to follow the absence reporting procedures put in place by your manager/principal.**

### Payment Options While on Leave

Some leaves of absence have a pay benefit associated with them. For instance, if you are disabled from work and not able to report on your scheduled work days, you may be eligible to collect a benefit.

## Short-Term Disability Waiting Period

**How does the waiting period impact the short-term disability period for pregnancy/childrearing?** The standard benefit period is 6 weeks for a vaginal delivery and 8 weeks for a Cesarean section. You will receive 6 or 8 weeks of pay from the date of delivery, which may include the exhaustion of your current sick days. If your bank of days have been exhausted prior to your delivery date, your short-term disability will begin on the delivery date.

If you had a previous absence in the last 12 months, and your short-term disability exhaustion period has already been met, your benefit will begin on the date of delivery at the rate of pay (100%, 80%, or 60%) from your previous absence.

## Short-Term Disability

For those who are eligible, after the exhaustion of 10 current sick days, the Board of Education's STD benefit pays a percentage of your weekly base pay for time off work due to a qualifying illness, pregnancy, or non-work-related injury for up to 90 calendar days in a rolling 12-month period. Standard recovery periods for leave due to pregnancy are 6 weeks for a vaginal delivery and 8 weeks for a Cesarean section delivery.

**How is my benefit calculated?** Your STD benefit is calculated by multiplying your hourly base pay by your standard work hours. The amount of benefit you receive is dependent on any short-term disability days you may have taken in the past 12 months and where you are in the approved 90-day period.

### Example 1:

Teacher A was off 5/13/16 to 6/13/16 and used 30 calendar days of STD at 100% pay. On 9/15/16, Teacher A requests a new leave and has been approved for STD. Teacher A will start STD at 80% pay on Day 31.

### Example 2:

Teacher B was off from 4/1/16 to 6/13/16 and used 73 days of STD (30 days at 100% pay, 30 days at 80% and 13 days at 60%). On 9/15/16, Teacher B requests a new leave and has been approved for STD at 60% with 17 days remaining.

The periods are defined below:

TABLE B		
Calendar Days 1 – 30	Calendar Days 31 – 60	Calendar Days 61 – 90
100%	80%	60%

Note: This table shows the percentage of base pay an employee receives for an approved short-term disability claim in a rolling 12-month period.

**How does the waiting period work with short-term disability?** For the initial STD Request, the Ten Sick Day Day Exhaustion Rule requires that prior to the beginning of your Period of Disability, you exhaust ten sick days of your current year allotment.

If you have taken, but did not exhaust, your 90 calendar day disability period in the previous 12 months you do not need to meet the Ten Sick Day Day Exhaustion Rule.

Additional rules also apply:

Days may be taken intermittently or consecutively prior to your Date of Disability to satisfy this rule. In other words, your use of the ten sick days does not have to be in connection with your Disability, nor does your use of them have to be consecutive. You simply have to use them after July 1 of each year prior to a Period of Disability that begins after July 1 of each year.

## Supplemental Income with Usage of Benefit Days

An employee may supplement STD payments in days 31 through 90 to reach 100% by using available Benefit Days. You must complete an authorization form and elect the specific banks for deductions before your leave starts. Please note that usage of benefit days is not an automatic process. **If you do not complete and submit the authorization form to the Absence & Disability Department prior to the approval of your Leave of Absence (LOA), you will not be able to supplement your STD benefit with benefit days during the eligible period(s), and no retroactive benefit day usage will be applied to past benefit period(s). The form will be available for download after the completion of your online Life Event application.**

Other details include:

- CPS holidays will be paid at the rate of the disability period (100%, 80% and 60%) and count toward the 90-calendar-day maximum entitlement.
- No STD benefit will be paid during a spring and winter intersession, as these are not scheduled work days. Spring and winter intersession days are counted toward the calendar-day benefit.
- If you are teacher on a leave of absence at the beginning or end of the school year, you are not be eligible to receive Professional Development Flex Days. In order to receive Professional Development Flex Days, you must be actively reporting to work.
- If your base pay changes while you're on disability, the base pay used to calculate your short-term disability benefit will be adjusted to your new salary rate.
- You may not receive STD benefit while you have an open workers' compensation claim or you are collecting TTD (total temporary disability).

**Who can participate?** Any full-time active CPS employee who is eligible for benefits, including part-time teachers. Suspended employees are not eligible for STD.

**When am I eligible?** Coverage begins on the first day of the month following 60 days of employment and the exhaustion of 10 sick days from your current fiscal year's allotment.

**How do I request this benefit?** Go to [HR4U.cps.edu](https://hr4u.cps.edu), Sign In at top left. Once signed in, navigate to Self Service (top left) > Benefits > Leave of Absence Selector.

### Payment of Daily Benefit

If your leave is approved after the pay period ends, you will have to wait until the next pay period to receive your first STD payment.

Payments begin on the first day after you have exhausted 10 sick days from your current fiscal year's allotment.

Once the leave is approved you should submit any updates to the start of the leave or delivery method by emailing the hospital birth announcement and discharge paperwork to [cpsloa@cps.edu](mailto:cpsloa@cps.edu). These documents should be submitted as soon as possible after the delivery.

**How do I extend the STD benefit?** Complete an STD extension application online and provide an updated medical certification that states you are unable to perform your essential job functions at [HR4U.cps.edu](https://hr4u.cps.edu), Sign In at top left. ## XV. Discretionary Leave

This leave allows employees to take time off if they do not qualify for other leave options. This leave must be approved by the Chief Talent Officer. The Chief Talent Officer will consider various factors when considering the request, such as business needs, the employee's employment history, the total amount of time the employee will be on leave, and the reason for the leave. There is no job protection associated with this leave option and employees who request discretionary leave are not guaranteed leave.

The maximum time that an employee may be off work on this leave, when combined with any other leave taken for the same reason or purpose, is 25 work months. If the employee has worked for CPS for less than 25 months, the maximum time off is the number of months that the employee worked for CPS prior to the leave request (for this purpose, time during which an employee is on leave does not count as time worked).

Leave will be approved for no longer than the time remaining in the current school year or, for employees who work year round, 6 months at a time. If an extension is desired, before the currently approved leave ends, the employee must submit updated documentation to support additional time off work to the Absence & Disability Department. After documentation has been submitted, the request for an extension of the leave will be reevaluated and a determination will be rendered.

As a general rule, employees who have used a discretionary leave lasting a month or more will not be considered for another discretionary leave until they have returned to work for a period of at least 6 working months. If the employee used more than 6 months of discretionary leave, the employee must return to work for a period equal to the last discretionary leave taken before applying for discretionary leave again.

**Who can participate?** Any active full-time CPS employee who has been employed by CPS for at least 6 months and who is eligible for benefits, but does not qualify for, has exhausted or soon will exhaust leave provided under any other CPS policies or plans.

**How do I request a discretionary leave?** Contact the Absence & Disability Department at 773-553-HR4U after you have reviewed all other leave options and concluded that you do not qualify for, have exhausted, or are about to exhaust all other leaves available. You cannot request this leave through the leave selector. If you know you will be unable to return to work at the end of another leave, you must make the request to extend your leave using discretionary leave before you exhaust your current leave. Employees should plan ahead, when possible, and should not assume that their request for discretionary leave will be granted.

**Can I extend this leave?** Yes, you can apply to extend a discretionary leave by contacting the Absence & Disability Department before your current approved discretionary leave ends. The maximum time that an employee may be on this leave, combined with any other leave, is 25 work months (or, if less, the number of months the employee has been employed by CPS).

**Is my job protected on this leave?** There is no job protection with this leave. Your position may be filled while you are on discretionary leave based on business needs.

**What do I need to apply for the leave?** You will need to complete an application and provide a detailed statement or medical documentation regarding the reason for the request.

**Can I receive pay while on this leave?** If you have any benefit time available, and the reason for the leave qualifies for pay out of benefit days, then you must use your benefit time when taking a discretionary leave. Short-Term Disability is not an option while out on this leave.

**How are my health benefits affected?** The Absence & Disability Department will send you a notice and payment coupons if you are eligible for Benefits Billing. Your period of eligibility will be determined by the Absence & Disability Department. While you are enrolled in the Benefits Billing program, your contributions are based on a monthly premium. The amount of your contribution will be indicated on each coupon or billing statement.
